For Internal and External Use  
NO NARCOTIC OR DELETERIOUS  
DRUGS enter into the composition of Radway's Ready Relief.

It is Highly Important That Every Family Keep a Supply of  
**Radway's Ready Relief**

Always in the house. Its use will prove beneficial on all occasions of pain or sickness. There is nothing in the world that will stop pain or arrest the progress of disease as quick as the Ready Relief.

### PNEUMONIA AND CROUP

"I take my pen in hand to inform you of the great cure effected by your medicines. Some time ago my husband was taken down with lung fever. It came on him with a chill in the night. It happened I had a supply of your medicine in the house at the time. I rubbed his chest and back with the Ready Relief. I gave him a teaspoonful in a little hot water to drink, to help warm and stimulate him, and in about half an hour three of the Ready's Pills. By the time the doctor came the next morning he was much better. The doctor wanted to know what I had been doing. I told him. He said that was good, that they were good medicines. Another case I had was with my little nephew who was staying with me. He was taken with croup. I rubbed his throat, chest and back with the Ready Relief, gave him doses about an hour apart, followed it by a dose of pills. By the next day he was about all right. I have been using this medicine, with my family and my neighbors, for about 90 years, and never knew it to fail, when the directions were carefully followed. I would feel greatly obliged to you to please forward me 'False and True,' one of your publications, for which I enclose stamp, for I absolutely need it at once, if you please. You are at liberty to make use of this testimony as you may think proper."

Yours respectfully

MR. ELIZA DUNN,  
Jacksonville, Morgan Co., Illinois,  
November 2, 1898.

### News Summary

The total British losses in South Africa are 12,834 killed, wounded and missing. The Canadians lost 121.

Col. Herchmer cables the Minister of Militia from Cape Town that eight horses died on the Pomeranian on the way out.

Mrs. Abigail K. Carrin died at the home of her daughter, Westford, Mass., Friday, at the age of 104 years. She was born in Berwick, Me.

Barge General Wiley foundered off Narragansett Pier on Sunday during a southeast gale. Captain Harold and four little children were drowned.

The New Brunswick Provincial Treasurer reports a surplus of \$14,000, and asks the Legislature to vote \$5,000 to the families of volunteers now serving in South Africa.

The Standard says: "We believe that negotiations for England's acquisition of a port in Portuguese East Africa giving easy access to Rhodesia are on foot and are likely to succeed in view of the turn the war has taken."

A passenger train on the Canadian Pacific road ran into a snow plow at L'Acadie, Que., Friday, and it is reported that two men were killed and several injured. The passenger train was from Halifax.

Within two hours after a special message from the President recommending the immediate passage of a bill to place in his hands all the moneys collected upon Puerto Rican goods since the Spanish evacuation of the island, to be used for the relief of Puerto Ricans had been read to the House Friday, the House had passed and sent to the Senate a bill to carry out the recommendation.

Miss Edith Walker, of Sydney, who is said to be the generous Australian who gave, anonymously, the sum of £10,000 to the British South African war fund, has devoted a large part of her wealth to various charitable objects. Science, too, has found her a liberal helper. She gave a handsome donation towards resuming the work of coral-boring in the Pacific.

Students of Laval College, Montreal, had a demonstration on Friday. They paraded the streets carrying tri-colors and a big Union Jack. At the office of La Patrie they hauled down a British ensign and substituted the tri-color. In the evening a British flag on the Star office was pulled down, trampled on and burned. In an attempt to hoist the tri-color on the drill shed the demonstrators had a hose turned on them and beat a hasty retreat.

A Cape Town despatch of March 3rd says: The railroad is now repaired northward from Kimberley to Riverton. The engineers are pushing the work rapidly. The Boer prisoners captured at Paardeberg total 4,660 men. About 3,000 of them are on their way here. The pressure on the rolling stock is enormous. Sir William MacCormac, president of the Royal College of Surgeons, who has been acting as volunteer surgeon with the British army in South Africa, sails for England today.

Some extraordinary shooting by the British gunners is recorded in the Engineer. The conditions of firing were that each gun's crew should score what it could in three minutes, beginning at 2,200 yards, diminishing to 1,600 yards and then increasing to 2,200 yards again. It is asserted that the Blake fired 148 shots from ten guns hitting the target 110 times. The best crew fired eighteen shots and made fifteen hits. The Royal Arthur's best gun crew hit the target fourteen times out of eighteen shots.
