Agony of Leg Sore Stopped by D.D.D.

Woman Tells Pitiful Story

"I am the mother of 12 children. I took a varicose ulcer on my leg at the birth of last child five years ago. I used every ointment that is made. I was laid up for nearly five weeks with a doctor attending me who did nothing but treat those kind of things.

Doctors told me to lie in bed, but where there is a big family one cannot do that. Then I heard about D. D. D. and as I used to tear my leg at night until it was a bleeding mass, I determined to try a bottle. I can't tell you the ease it gave me. I never used to sleep for the pain. Many a time I nearly fell with the dizziness in my head from want of sleep.

Now my leg is healed up, thanks to the blessed D.D.D. I never expected it to cure. I only got it to take away the terrible itch. By degrees I saw the big sore getting smaller."

To Peel Off Blotchy, Rough or Chapped Skin

To remove roughness, chaps, freckles, blotches, or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily, painlessly and inexpensively done by the application of ordinary mercolized wax, procurable at any drug-store in the original one-ounce package. The wax absorbs the defective outer skin, a little each day, gradually bringing the second layer of skin to the surface. The pores are unclogged and the face breathes in the life-giving oxygen. The new skin is beautifully soft and spotless, bearing the healthy glow of youth. Just apply the wax as you would cold cream, only not rubbing it in. In the morning wash it off with warm water. It's the most effective complexion treatment known.

To remove wrinkles it is a good plan to bathe the face once a day for awhile in a harmless solution made by dissolving an ounce of powdered saxolite in a half pint of witch hazel. There is nothing that will so surely erase the hateful lines.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

25-cent "Danderine" makes hair thick, glossy, wavy and beautiful

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you sure! can have beautiful hair and lots of it if you will just try a little Danderine.

SOLDIERS AND SAILORS RETURN THANKS FOR KINDNESS SHOWN BY THOUGHTFUL ST. JOHN WOMEN

Interesting Communications Recently Received — How Corporal Spencer Was Wounded—Men in North Sea Fleet Tell of Keeping Dreary Vigal for German Warships.

Letters from the brave soldiers at the front are always gladly received by friends, but when these letters are kept alone with the receiver thousands of the soldiers' friends are unaware how the Tommies are making out on the battle line. In addition to letters from soldiers a number have recently been received from bluejackets who are anxiously awaiting a chance to get at the German warships, and while not one of the sailors hail from St. John, they have all been remembered by the ladies of this city who have sent presents for which the Jack Tars are very grateful. The following are a few of the letters recently received:

Assistant Paymaster Cook.

Assistant Paymaster Duncan G. Cook of H. M. S. Vanguard, writes an interesting letter to a lady in St. John, from whom he received a pair of socks, as did a number of seamen on board that warship. In part he writes:

"Thanks for one pair of socks which I received from you, and which I am at present wearing, I am, as you see, an officer, and we don't usually take the comforts which are provided for the men, but on this occasion there was a small surplus after issuing to the men, and since I am heavy on the particular article I helped myself to one pair, and in one of them found your card and kind greeting. It is too a coincidence in that I call myself a Canadian, having lived in Montreal for over ten years, in which city I was married and became the father of two children, so you will perhaps agree with me in my claim as a Canadian. I know St. John pretty well but have no friends there.

"We are certainly getting the Germans' goat and up here in the North Sea he has tasted some pills which he does not relish, and if he ever had an appetite for such things, he must be suffering from a bad kind of indigestion, for we cannot persuade him to come for more, so, I think, before a great while we are going to take him some, which we will not leave on his doorstep, for he has got to have it now and I guess he feels kind of blue about it, so he stays right at home and dare not come out even to fight or, shall I say, to slaughter women and children.

"When we do get at him, of course, some of us will have to go up, or down, but for those who see the finish, there will be a great contentment in having seen a few wrongs righted. Revenge is sweet, although it is British to be merciful, and we all love to be British. Our boys are hopeful and very eager, and believe me they are the goods. I have heard them say as the shells drop round: 'Come in, don't knock,' 'Another blooming visiting card,' 'Soft and low, the Kaiser's kiss,' "Bill's busted boast,' and many laughable remarks of the like kind. It certainly fills one with a great joy to be one of them, for these are men down to the last drop, and fear is not part of them in any way.

"Thanking you again, I remain,
"Yours sincerely,
"DUNCAN G. COOK,
"Royal Navy."

From Another Sailor.

R. W. Dean, of H. M. S. Lookout writes a letter to a person in St. John, extending thanks for a pair of socks received, also kind greetings. In part the letter reads:

"I don't know whether this is a liberty to take, or a duty to perform, nevertheless, here goes. I thank you very much for this kindness to a fortunate bluejacket doing his bit for King and Country. It seems strange to me that people so far away as you are, should have so much thought for the Old Country and those who are serving to rid the world of the 'Hun.' I am sure there is no Britisher who would tolerate such treatment over here.

"From R. W. D."

Commanding Officer Shippick.

The following letter from S. J. Shippick, officer commanding H. M. S. Audrey, is self explanatory, and is sent to the ladies in St. John who have sent presents to the British sailors:

"My Dear Friends:

"I have received a fine parcel of clothing from Lady Jellicoe for my crew. Enclosed in the socks I found your card, so am dropping you a line to let you know how much this has been appreciated, so your labors have had its extended appreciation, I can assure you especially as it came from Canada. We are only a small ship, but none the less are doing our bit. I am enclosing a post card showing a portion of the crew, your humble included. Oh, if we can only get a fair smack at the German fleet we will make these devils suffer. Not a man would I rescue, I would play them at their own game.

"Trusting that this will find you all in good health,

"S. J. SHIPPICK."

Thomas Horton.

Private Thomas Horton, of A Section, 1st Canadian Field Ambulance, B. E. F., in writing from France on Jan. 20th, to a member of the Khaki Club has the following to say:

"Dear Friend,

"I received your letter and parcel and I thank you. It was so thoughtful and kind of you. I hope your Xmas was a merry one and that the New Year will bring you every happiness.

"We out here had a comparatively good time during the festive season, being out for a rest in a town behind the firing lines. The weather was not seasonable, with rain and mud, and the booming of the guns, being a great contrast to our snowy Canadian Christmas. But we had every thing that could be expected and more, indeed, this is a war of luxury. Our field postal service, and the Army Service Corps work with a clock-work regularity. We want for nothing. Of course it is awful at times, but we have frequent rests which enable us to forget the horror of it all. The novelty of the war has worn off, but the spirit is still with us.

"Yours very sincerely,
"THOMAS HORTON."

Corporal J. Spencer.

A letter received a few days ago from Corporal J. Spencer who is "Somewhere in France," shows that the public was somewhat misled by an article which appeared in an evening paper some weeks ago, and which the soldier thinks, did him an injustice. The article he states made it appear that when he was wounded he was well behind the firing line, when, in fact, he was on the front line when struck. In part, Corporal Spencer, who before enlisting, was a resident of West St. John, says:

"I was in the ammunition column but was shifted as a gun layer on the big guns with the 10th Battery. Captain Wedlock was hit the same time that I was wounded. Captain Wedlock is of Regina. I showed the captain a clipping from a St. John evening paper which said I had not been wounded in action, but was behind the lines. Captain Wedlock told me to write home and get that article contradicted, otherwise it might stop my gunlaying pension which I passed for, and which I am to get at the end of the war. I got wounded while with the 10th Battery at Festubert. I was struck with shrapnel on the knees, right and left legs, and I was also gassed."

The letter from the corporal is countersigned by Captain Wedlock who says that the statement given is correct.

Chester Daley.

Private Chester Daley in writing under recent date from "Some Part of France," to a friend in the city, states that he has received parcels from the Soldiers' Comfort Association, and other friends, and all arrived in the best of order. He continues:

"We have been back from the trenches a week having a rest. The hill on which we are now billeted has quite a history since this war started. The Germans held it for a while, but were driven back by the French and English. On a good clear day we can get a good view of the country for miles around. It is a very pretty part of the country, and in fact the prettiest part that we have yet been in. We are all fine and dandy over here and in good health.

"With love to all,
"CHESTER."

Stoker J. R. Best.

It is not the soldiers alone who are being looked after by thoughtful persons in St. John, as the sailors on British warships are not forgotten. The following letter shows that the boys in blue appreciate the kindness of ladies who have sent socks. Stoker Best writes in part as follows:

"My Dear Friend:

"Many thanks for your extreme kindness, how thoughtful it is of you, whoever you may be, to think so kindly of us sailors. Several other fellows aboard this ship have received socks from you, but I am writing to thank you personally for your great kindness.

YOUR BRONCHIAL TUBES

When a cold settles in the bronchial tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the enfeebled membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from harmful drugs. Refuse substitutes.

Scott & Bowne, Toronto, Ont. 15-2

NO RECRUITS WERE SIGNED YESTERDAY

Several Men Applied, but All Were Rejected—Staff Officers Return — Big Meeting Sunday Night.

No recruits were signed on yesterday. Seven men applied but they were all turned down for one reason or another. Another big meeting will be held Sunday night in the Imperial, and it is hoped that next week will bring better results.

Capt. A. R. Sprenger will be the chairman at the meeting in the Imperial and there will be good speakers and music. The men of the different battalions have spent their time in the usual round of drill. The 69th have been inspected by Brigadier McLean and they made a good showing. The formal transfer of the 140th to the command of Col. Beer took place last night, a fuller account of which will be found elsewhere in the paper.

Staff Officers Arrive

Lieut.-Col. A. H. H. Powell returned from Halifax yesterday and brought with him Sergt.-Major J. A. McDonald and Quartermaster-Sergt. F. C. Groves. It is expected that the new offices will be ready the first of the week and the rest of the subordinate staff will be local men.

Yesterday With The Troops

The 115th spent the day in squad drill and musketry yesterday. Today the officer of the day will be Lieut. Davidson and the usual routine of drill and instruction will be followed.

The 140th had the usual drill and classes yesterday. Today Lieut. Caulkin will be the officer of the day and the men will have squad drill.

The 69th spent yesterday in route marches. Today they will spend the morning in bayonet exercise and musketry drill. The afternoon they will have for themselves.

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, calomel, pills act on bowels like pepper acts in nostrils.

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

ST JOHN BOY ENLISTS IN WEST.

A telegram was received a few days ago stating that Gerald P. Gleason, son of Mr. and Mrs. J. F. Gleason, of this city, had enlisted with Divisional Signal Corps at Winnipeg.

Mr. Gleeson has been in the employ of the C. P. R. as a telegrapher in Wapella, Sask., for over five years, and his enlistment will interest a large circle of St. John friends. Mr. Gleason has another brother, Redmond, better known as "Reddy" in No. 6 Co., C. A. S. C., now in Belgium and commanded by Major McKean.

I greatly appreciate the socks and your thoughtfulness. I was three years on the Canadian cruiser Niobe, but was chiefly around Nova Scotia, but never had the pleasure of visiting St. John. I am writing this letter in the North Sea and will post it as soon as we get a chance to go into a harbor. I will not be sorry when this blooming war is over, but would certainly like to get a crack at some of those German ships. It is rather tiresome plunging through the big seas night and day keeping a lookout for the German ships which appear to be afraid to come out and meet us. If something would only happen that would drive them out of their shelter and give us a battle, then I can assure you, there would be something doing. I must not inform you anything about what we are doing as it is forbidden. Thanking you again for your kindness,

"I remain,
"J. R. BEST,
"Stoker, H. M. S. Lookout, 3rd Flotilla."

ECZEMA

Also called Tetter, Salt Rheum, Pruritus, Milk Crust, Water Poison, Weeping Skin, etc.

I believe eczema can be cured to stay. I mean just what I say C-U-R-E-D and NOT merely patched up to return again. Remember, I make this statement after handling nearly a half million cases of eczema and devoting 12 years of my life to its treatment. I don't care what all you have used nor how many doctors have told you that you could not be cured, all I ask is just a chance to prove my claims. If you write me TODAY, I will send you a FREE TRIAL of mild, soothing, guaranteed treatment that will surely convince you as it has me. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me to-day I believe you will enjoy more real comfort than you really thought this world held for you. Just try it, and I feel sure you will agree with me.
