CLAIM SANGUINARY DEFEAT FOR ARMIES OF RUSSIA

MOST SUCCESSFUL APPLE SHOW PROVINCE HAS HELD WAS CLOSED LAST EVENING

Resume of Winnings of Fruit Growers Who Had Exhibits on Display-Authorities Declare Show the Finest They Had Seen.

The third New Brunswick apple show was brought to a close last night. The show which has just been closed was the most successful which the province has ever held, both from the standpoint of the number of entries and the excellence of the fruit on exhibition. The visiting judges were us in declaring the show the equal of anything of its kind which has ever been held in Canada, and the best which has been held in the east. Last night the attendance of citizens was fairly good, but if the people generally had realized the kind of show to be seen the rink would have been crowded each night.

been crowded each night.

The rink had been tastefully decorated with bunting under the direction of A. G. Turney, and much of the success of the show may be credited to his untiring efforts. He has been here, there and everywhere the last few days, and it has certainly been a strenuous time for him.

The apples on the plates have been donated by the owners to the convalescent home and soldiers' hospital, and will be delivered to them this morning. Yesterday afternoon another demonstration of sorting, grading, and packing, was given by P. J. Carey, and he was listened to and watched by an interested group of growers, as he did the work and told of his reasons for doing it.

sons for doing it.

It was no uncommon thing last night to hear as one walked around the rink, "I had no idea that such apples as these grew in New Brunswick," and it is a fact that very few of the people realize the quality of the fruit which the apple growers of this province are producing. Mr, Turney said yesterday that there had been a marked improvement in the quality in the last five years, and most of the growers are confining themselves to the varieties in which the province excels, such as the McIntosh, Fameuse and Rishop Pippin.

rieties in which the province excess, such as the bushop lippin.

This morning there will be a sale of all the unsold apples at the rink and-any person wanting to get good stock should make it a point to get down there asearly as possible.

Following is a resume of the number of prizes won by each exhibitor and the amount. The big prize winners were Mrs. E. W. Darcus, Fredericton; F. C. and H. G. Smith, Long Reach; W. B. Gilman, Fredericton, and

Somerville, of St. John and H. J., was discussed but any action was detected the Canadian Bank of Commerce, Moneton, were appointed as inspectors.

The liabilities are understood to be about \$55,000 and assets nominally \$45,000. The heaviest creditor is the J. E. Moore Co., about \$25,000, partly secured.

The inspectors were authorized to sell the farm, stock and machinery at Beaver Brook at public auction, and the like property at Calhoun's by either private sale or public auction, as they seemed best. They were also authorized to make such disposition of the real estate as they might feel was desirable.

Was discussed but any action was deferred until the next meeting of the council the next meeting of the council. The idea is to hold a mammouth carnival in sid of patriotic spurposes. J. L. Sugrue was recommended as a Trades and Labor organizer for St. John and vicinity. Boy Scouts Meet.

Members of the Queen Square and Tabernacle Boy Scout troops met at their respective headquarters 'ast inght and received valuable instruction in scoutcraft. Both troops were visited during the course of the evening by B. C. Waring, district scoutmaster, who read a special farewell message received from His Royal Highness the Duke of Connaught. The message published exclusively in The Standard recently, was also read to the Boy Scouts of Waterloo and St. James' troops on Thursday evening.

Constance Ewing had charge of the decorations.
