**RICH, RED BLOOD**  
**THE GREATEST NEED**

Nearly All Ills Are Due to  
**Poor, Watery Blood—How to Improve Its Condition.**

To be in a healthy condition the human body requires a constant supply of new, rich blood. Nearly all the ills from which people suffer arise from one cause—poverty of the blood. If the blood is rich and red it absorbs nourishment from the food which passes into the stomach and distributes that nourishment to the brain, nerves, muscles and all the organs of the body. When the blood is weak and poor in quality it cannot do its natural work of feeding the brain and body, and the result is weakness and disease.

Headaches and backaches, loss of appetite, poor digestion, nervousness, pimples and unsightly blotches on the skin, all indicate that the blood has become impure—that it is not doing its appointed work. If this condition is not remedied it will grow worse and worse, and complete breakdown will eventually occur. To bring about a healthy condition of the blood no medicine can equal Dr. Williams' Pink Pills. Their mission is to make new, rich blood, which reaches every part of the body, bringing with it new health and increasing vitality. Thousands have testified to the benefit they have found in the use of Dr. Williams' Pink Pills when run down in health. Among these is Mrs. Bertha Kendall, Darling Avenue, Toronto, who says: "In the summer of 1918 I was in poor health. My appetite was variable and I was weak and unfit for work, and I suffered a great deal from nervous headache and palpitation of the heart. A lady friend recommended Dr. Williams' Pink Pills which I had taken with splendid results, as by the time I had taken six boxes I felt like a new woman. I think Dr. Williams' Pink Pills are worth their weight in gold to every nervous, sick woman, as they cure quickly and save big doctor bills."

Dr. Williams' Pink Pills may be had from any dealer in medicine, or by mail at 50c a box or 6 boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.
