AROUND THE CITY

HARBOR REVENUES. Harbor revenue for the port of St. John for June was about \$5,000, nearly \$1,000 less than the corresponding month last year.

AN ACKNOWLEDGEMENT. The French Relief Association is grateful on the receipt of twenty-five dollars from George McArthur for services rendered at a recent fair.

SPECIAL POLICE HERE. Five C. P. R. policemen and several plain clothes men, who were sent to St. John to look after the C. P. R. property in case of trouble from the difference between the N. B. Power Co. and its men.

FRENCH STUDENTS. A number of French students who have been attending St. Lawrence University, Charlottetown, P. E. I., passed through the city a few days ago en route to their homes in the province of Quebec. They have been accompanied by Rev. B. C. examinations which began on June 15th.

LEFT FOR THE COAST. M. Gaudin, violin teacher, left yesterday on an extended trip to the Pacific coast. While there he will visit his sister, Mrs. R. Williams, of Greenwood, B. C. He expects to spend some time in Vancouver and then proceed to Los Angeles and San Francisco. Mr. Gaudin plans on returning to St. John around the first of September.

DOMINION INCOME TAX. Thursday was the last day for the payment of the second instalment of the Dominion income tax. It was reported that returns were coming in well, but with no great rush. It was announced that where out-of-town remittances were mailed Thursday the postmark would give the date and even if these were not received until Monday they would be accepted.

DIDN'T WAIT FOR PASSENGERS. Thursday passengers arriving on the early morning train from Halifax, who were ticketed through to points on the C. P. R. were obliged to remain in the city yesterday until the departure of the evening train. The Halifax train was an hour behind schedule, but was entering the depot yard when the C. P. R. train left. A few uncomplimentary remarks were passed.

THE SILVER QUEEN. The motor boat "Silver Queen" quipped it over all the other gaily decorated craft at the R. K. Y. C. regatta at Millbrook yesterday. There were many attractive boats, but the Silver Queen's decorations surpassed them all. Her owner, Percy Warren, was presented with the special cup put up for the best decorated boat in the Power Boat fleet of one hundred and fifty yachts in attendance.

ATWOOD'S BRIDGES. Atwood H. Bridges, son of Dr. and Mrs. H. S. Bridges, who won a Rhodes scholarship last year, has been attending Oxford University, arrived home Thursday from Montreal, having landed there on the C. P. R. S. inner Corsican on Sunday. Mr. Bridges was the only Rhodes scholar who returned to Canada for the summer and he intends to spend the greater part of his vacation in the city. From reports received here, Mr. Bridges has excellently sustained the fine record he obtained at U. N. B., and passed his year's work with flying colors.

BUILDING PERMITS. Building permits, issued during June by James Carleton, city building inspector, covered work valued at \$16,000, as compared with \$213,000 for June, 1920. Last month's permits were issued to David Lynch for a wood dwelling on Mount Pleasant valued at \$4,000, and to George Barpee for a wood dwelling in Holly street, valued at \$8,000. June, 1920, five permits were issued. The total for the year to date is \$100,300, and for the first six months of 1920, \$232,960. Thirty-one repair permits were also issued last month.

DOMINION POLICE IN CONTROL OF SITUATION AT POWER PLANT

Squad of 85 Men With 64 Horses Arrived in City Yesterday and This Morning to Guard Property—Gas Plant and Power Plant Have Full Crews—No Attempt to Move Street Cars.

With the Dominion police in full control of the situation about the power plant and car barns of the New Brunswick Power Company, the city will present more or less of a military appearance today. Thirteen of the "mounties" arrived from Halifax yesterday morning, and a special train from Ottawa arrived at 5 o'clock this morning bringing a squad of 75 men with 64 horses and equipment. The "Mounties" were ordered here at the earnest request of Mayor Schofield and Premier Foster. They believed it wise to take every possible precautionary measure to prevent any lawlessness and property damage from that element of the citizenship hostile to the Power Company who stand ready to "start something" on the slightest pretext. The force is under the direction of Assistant Commissioner Stearns who arrived in the city yesterday noon. They went on duty as soon as they arrived, thus relieving the city policemen from guarding the property of the New Brunswick Power Company.

Everything Quiet.

There has been no incident occurring in the last two days from the break between the Power Company and its men, to disturb the peace of the local police, assigned to duty about the company's property, has had a wholesome effect, and since Wednesday night there has been no gatherings in the vicinity of the Power plant. Those who wanted to loiter about the nearby corners have been kept moving, and their has been no opportunity to foment trouble.

Gas Plant Falls.

Considerable inconvenience was caused Thursday, and to a less degree Friday, by the failure of the gas plant to function. Union pickets were successful in stripping that plant of its fuel, and the city was without gas from 5 o'clock Thursday morning until 5 o'clock Friday morning. Thursday night stockholders in the company of some members of their families, performed the work necessary to produce a supply of gas which carried homes and restaurants over the early meal hour Friday.

Men Are Confident.

The men of Local Division No. 663 have held daily meetings at the Labor Hall on Prince Wm. Street. Addresses are made by prominent speakers of the union and reports of happenings given. Pickets are being maintained at the gas plant and trains are watched. The men are confident they will come out victorious, believing the company will soon require their services.

COMMISSION WON'T APPOINT INSPECTOR

At the common council committee meeting Thursday, Commissioner Jones submitted a report from the city engineer, saying that an inspector on pipe manufacture for the new Spruce Lake main was not needed. Commissioner Jones said he would not appoint an inspector. The matter was left to the Mayor and Commissioner Jones to report back.

JUDGMENT REVERSED

In the case of the King vs. Ritchie, in the matter of the Bee, a Chinaman, convicted some time ago in the police court on an option charge, on appeal proceedings judgment was given Thursday morning by Chief Justice McKeown, setting aside one part of the conviction and sustaining the other. The fine of \$1,000 or six months, imposed by the magistrate, was set aside on the ground of excessive jurisdiction, while the fine of \$200 or three months was sustained. E. P. O'Toole represented Hum See and F. R. Taylor, K.C., the King.

French Greeting To This Province

Marshal Fayolle Conveys Them to People Through Lt.-Gov. Pugsley.

His Honor the Lieutenant Governor on Thursday received a telegram from Marshal Fayolle of the Mission (France-Amerique) extending greetings to the Government of New Brunswick and the people of the Province. The telegram was suitably replied to. The messages are as follows:

Ottawa, June 30-21.
Lt. Gov. Province of New Brunswick,
St. John, N. B.

The Mission (France-Amerique) came with the purpose of expressing to Canada her deep gratitude for all that Canada has so nobly done during the war. The Mission regrets being unable to visit each Province better to fulfill its purpose of gratitude. In this juncture Mission would feel greatly indebted to you to transmit to Government and the people of your Province the wholehearted thanks of the entire French nation, with my most cordial salute.

MARECHAL FAYOLLE.

Lieutenant Governor.

June 30th, 1921.

To Marshal Fayolle,
of the Mission (France-Amerique),
Ottawa, Can.

I have the honor to acknowledge receipt of your telegram of this date, and have the greatest possible pleasure in informing my Government and the people of New Brunswick of its contents, which I am sure they will highly appreciate. Our boys were proud to take their places beside the brave soldiers of France in the momentous struggle for human freedom and for the triumph of the best ideals of Christianity and civilization. Together they helped to win a glorious victory. The visit to Canada of the Mission, of which you are the distinguished head, will I believe, be far reaching effects in binding together the French and Canadian people and enabling them to exert a compelling influence toward giving to the world the happiness of an enduring peace.

WILLIAM PUGSLEY,
Lieutenant Governor.

New York, July 3.—Jack Dempsey of the "Bird." A crushing blow of Georges Carpentier in the century here yesterday at the pile-driver blow landed flooring Carpentier for the second fighting in the final and decisive Although he had staggered was unable to survive the second Referee Harry Ertle tolled off Dempsey's victory had been blows which landed on every swing, jab and upper-cut scored to the slowing-up process of the

Hit on the Neck

In addition, a clubbing right landed flush on the back of George's neck in the third round, played a potent part in his defeat. Frenchman folded over in an attempt to protect his body left the back of his neck exposed and Dempsey the fair target in front, drove a terrific blow to Carpentier's brain. After the knockout the Frenchman stated in his dressing room this punch was the cause of his fall. He said that the punch hit his entire physical and mental up, and he was thereafter unable to carry on any effective attack.

Carpentier Broke Thumb

It developed after Carpentier returned to his training camp at Passaic, N. Y., that during his fight with Dempsey he had broken his right thumb and sprained his wrist. Carpentier was unable to plain how the injury had occurred but it is thought that it came as a result of a hard swing which hit him on Dempsey's head. The blow, Carpentier said, injured the European challenger's most effective fighting fist, had on the outcome of the battle, it is possible to state. Carpentier was most entirely on the defensive in the third and fourth rounds, although he did not noticeably avoid using his right hand and arm in his striking when the opportunity arose.

Praise His Gameness

Regardless of just which blowed the vanquishing of Carpentier, Frenchman gave a remarkable example of skill and gameness against the heavier, more punishing opponent. The favorite when he entered the ring, judging from the amount of cheering he received, he was with even a greater amount of plause ringing in his ears. A trip to an exhibition which is a verified and upheld a record had preceded him regarding his fighting ability and danger-defying during the war. Dempsey, a winner, ran true to his fighting

Carpentier Hit First

Although Carpentier struck the blow of the encounter, a flying left to the head, Dempsey never at any backed up or showed a distinct intention to avoid trading blows with his opponent. The champion bored in at opportunity and devoted as much his attention as was possible to fighting. Rights and lefts steadily driven home to Carpentier, alternated at times by d jobs, hooks and cuffs to the Frenchman's face, jaw and head.

For the first round Carpentier not appear to feel the effects of the punishment. He fought in and at close quarters, using chiefly a swing or drive to Dempsey's face jaw with an occasional shift of left to the body.

Could Not Save Face

Most of the body blows Dempsey blocked or partly checked with elbows and forearms, but he was not able to protect his face as well. Time again Georges shot over his right Dempsey's face, and in the second round when he turned loose his heaviest batteries of his blows appeared as though the champion was forced to assume a defensive tude. The pause in Dempsey's sack, however, was more to a prise and fuster at the savage his opponent's rally.

After a few seconds of indecision he gathered himself together and up although the round was under way. Carpentier's on aggressive and clean blows landed, there was the slightest evidence that Demp
