THE above PILLS having stood the test over forty years, and being prepared with great care and study, nothing cheap or impure being tolerated in their composition, are perfectly safe to administer to the most delicate constitution. They never reduce the patient; no cessation from but nees or any unusual change is over necessary. They never render anyone more liable to take cold. Containing no danaerous drug, they act as kindly on the tender infant, the must delicate female, and infirm old age, as upon the most vigorous and athletic system, exercising the most healthful influence on the whole system, invigorating the debilitated organs, building up the flegging nervous energies, imparting vigor to body and mind, and bringing every faculty into healthy play.

To Females, from the peculiar affections that a tend them when, bey are arriving at maturity, and also at the decline, or "change of life," they are the best remedy and assistant that can be used.

a ceiling two feet above one's head is amusement of a very exalted kind, but it has its drawbacks. A young man at Chilton, Iowa, was lately indulging in it, when he fell and broke his hip. A revolver in his pocket was discharged at the same time and seriously injured a small boy who was standing by. He might perhaps be satisfied with all this if he had hit the ceiling, but he didn't. Among the delusions instilled into our outhful minds at school, the notion that Christopher Columbus first discovered America holds a conspicuous place. But we have continual occasion to revise our notions of history, and now, as we ob-serve, that Ole Bull and sundry other Nor-
