Table 2

(k) Cannabis offences [iv]:	nil	nil	nil	nil	nil
(l) Other Narcotic Control Act offences:	2	2	10	6	2

Footnotes:

[i] and [ii] Number in brackets indicates inmates convicted of capital and non-capital murder prior to the 1976 Criminal Law Amendment Act (No. 2).

[iii] "Assault" includes the following offences: common assault, assault causing bodily harm, assault with intent and other assaults.

[iv] "Cannabis offences" are only identified by the CSC's national headquarters computer if they involve "cultivation of opium poppy, marijuana". Other cannabis offences such as "trafficking in marijuana" are included in (l) Other Narcotic Control Act offences.

The table indicates, for each offence, the number of inmates incarcerated on January 1 added to those admitted and transferred to the institution during the remainder of the year. This gives the number of inmates incarcerated throughout each year for each particular offence. It should be noted that the figures cannot be added either horizontally or vertically. Horizontally because an inmate convicted of a specified offence could remain at the same institution for each year, therefore, giving the impression that there were five inmates convicted of the offence when in reality there was only one and vertically because some inmates may have been convicted of more than one crime.
