of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere

THE PARIS subsidiary of the Bank of Montreal is situated in a quarter rich in historic interest. From a lofty column in Place Vendôme the statue of Napoleon looks out upon an imposing square the construction of which began in 1686 under authority of Louis XIV.—a square which has witnessed many of the city's greatest demonstrations and which now mirrors the social and business life of Paris.

Here, in the heart of the capital of France, the Bank of Montreal in 1919 established a subsidiary office in the Ritz Hotel Building. In February, 1922, the business of this office had become so extensive that enlarged quarters were opened near by at No. 6 Place Vendôme.

FAIR A SPLENDID SUCCESS
Large Crowds and Good Exhibits at Glencoe Exhibition

Weather conditions that were ideal and excellent exhibits in all departments characterized the forty-ninth annual fall exhibition of the Mosa & Ekfrid Agricultural Association held at Glencoe on Wednesday and Thursday last week.

The attendance exceeded the average, although not quite so large as last year. It certainly would have been much larger had not the lateness of the season kept many farmers busy seeding and doing other outdoor work that demanded every moment of fine weather to be taken advantage of.

Glencoe fair always does better than it advertises, and this year was no exception to the rule. Particularly was this noticeable in the live stock exhibits, and the fact that the directors had recently prepared new and convenient pens was a matter favorably commented upon. Then the prize list was one of the most attractive that has ever been offered for competition. Added to this were splendid amusement features, which included music by the recently reorganized Glencoe brass band, and pipers and dancers from London, not to speak of that delight of the young people, a merry-go-round.

Especially meritorious among the exhibits might be mentioned the general purpose and heavy horses. Light horses were not so well represented, but the standard was high. The quality of the sheep and hogs showed improvement. Poultry was also good and the judge said he had never encountered keener competition.

In the hall the grain and roots samples were exceptionally good. There was also an attractive display of fruit, but it was noticed that the apples were not so highly colored as usual, no doubt owing to the limited amount of sunshine during the summer months. The display of ladies' fancy work averaged up fairly well. Probably the largest display in their several departments in years was in the dairy and domestic science classes.

Viewing the fair from every standpoint it was well above the average as local fall fairs go and was a decided credit to the fair board. The officers and directors this year are as follows: Officers—President, D. W. Gillies; 1st vice-president, A. B. McDonald; 2nd vice-president, Chas. Willey; secretary-treasurer, R. W. McKellar; directors—Dan McKellar, J. D. McKellar, John C. Gillies, Munro Leitch, H. McTaggart, J. McRae, J. L. Tait, George Walker, F. I. Abbott, F. M. Siddall, N. McKellar, J. A. McLachlan, Peter Duncanson, T. Henderson, Wm. Coulthard.

The Races
There were four entries in the 215 class and this race proved to be the best on the program. The result was:
William Brino (A. J. Martin, of Chatham) 1 1 1
Mack Darian (D. McLean, of Chatham) 3 2 2
Pilot Unco (M. Pierce, of Bothwell) 2 4 4
Odeen L. (James Wallace, of Alvinston) 4 3 3
Time—2:32.6, 2:19.6, 2:19.4.

In the 250 class some excellent racing was shown, but in all it was not equal to that of the other class, stated the judges. The result was:
Hal Unko (J. Snickenburger, West Lorne) 1 1 1
Bell Boy (J. Wilson, of Wardsville) 2 2 2
Maudie Mitchell (D. Laughlin, of Appin) 3 3 3
Time—2:24.4, 2:20.6, 2:25.4.

The races were carried out under the supervision of the Ontario Racing Association, with Ed. Douglas and Robert Douglas acting as judges. W. Tolmie was starter and J. A. McLachlan acted as timekeeper.

ALEXANDER MCGOUGAN DEAD
Professor in Saskatchewan University, and Former Glencoe Boy

Word was received at Glencoe on Monday of the death at his home in Saskatoon, Sask., of Alexander G. McGougan, B.A., Ph.D., professor of physics in Saskatchewan University. Deceased was in his usual health up to Saturday last, when he was stricken with paralysis, passing away on Sunday.

Dr. McGougan was a son of the late Malcolm McGougan, of Ekfrid, and of Mrs. Euphemia (Brodie) McGougan, now of Vancouver, and was the youngest of a family of six boys. He was born on his father's farm in Ekfrid township, near Glencoe, and received his primary education in the public school of S. S. No. 7, Ekfrid, and the Glencoe high school. He graduated at McGill College with first-class honors and gold medal after which he was engaged on the staff of New Haven University, leaving there to accept the position of professor of physics in the University of Saskatchewan, which position he held at the time of his death.

Dr. McGougan is survived by his widow, his mother and four brothers. The brothers are Angus, Archibald and Rev. Edward, of Vancouver, B. C., and Malcolm, of Okotoks, Alberta, former manager of the Traders Bank at Glencoe, and recently nominated to represent Okotoks in the Alberta Legislature. The eldest brother, Dr. Hugh, of Thamesford, died a few years ago.

The funeral is being held at Saskatoon.

FIELD AND TRACK MEET
Preparations for the athletic event of the year—W.O.S.S.A. field and track meet—are completed, and an immensely interesting time is looked forward to on Friday. The sports, 25 events in all, will be held on the agricultural grounds commencing at 10 o'clock. In the Methodist school room in the evening there will be a banquet and presentation of medals, etc.

Schools participating in the sports will be Alvinston, Glencoe and Rodney.

The occasion is bound to be one of great interest and should attract a large gathering.

THANKSGIVING SERVICES
Harvest thanksgiving services were held in St. John's church on Sunday, September 28th, the special preacher at the morning service being Dean Starr, of St. George's Cathedral, Kingston. His text was Deut. 8: 2: "And thou shalt remember all the way which the Lord thy God hath led thee." After a brief description of some salient points in Canadian history leading up to Confederation and the late war, he traced the growth of the Anglican Church in this Dominion, the beginning and gradual expansion of its missionary enterprise, concluding with an appeal for a wider vision and increased realization of needs and responsibilities. Special harvest hymns were sung at both services. In the morning the anthem "The Earth is the Lord's and the Fulness Thereof" was well rendered by the choir, and in the evening the choir sang the anthem "Make a Joyful Noise Unto the Lord." The church was beautifully decorated. The offertory exceeded \$87.

On Tuesday evening, in connection with the harvest home, the ladies of the church served one of those splendid dinners for which they are noted. The dinner was served in the school room and was largely patronized by the Glencoe public.

DEATH OF WM. NETHERCOTT
The death occurred at the family residence in Mosa on Saturday of William Albert George Nethercott, in his 70th year, after a short illness of pneumonia. Mr. Nethercott was born in Darlington township, Hampton, near Toronto, and resided in Mosa practically all his life. He leaves, besides his widow, five sons and five daughters—Mrs. John Webster, of Dutton; Mrs. David Snyder, of Glencoe; Mrs. Mortimer Wilson, of Aldborough; Mrs. Hill, of London; William, of Ekfrid; Fred, of Mosa; Lorenzo, of Aldborough, and Benjamin, Percy and Carrie, at home; also one brother and one sister—Alfred Nethercott, of Mosa, and Mrs. John Cooke, of Detroit.

Funeral services were held at his late residence on Monday afternoon, with interment in Oakland cemetery. The pallbearers were Joseph Simpson, Jack Simpson, Harper Robinson, William Atkinson, Jack James and George Poy.

SCHOOL FAIR AT GLENCOE
Attractive Display and Exhibits a Great Credit to the Young

Words of encomium were not lacking from the large crowds who attended the school fair held here on Thursday by the Department of Agriculture in connection with the Mosa & Ekfrid Agricultural Exhibition. All schools taking part had a full complement of entries in the exhibition classes and the tables in the big tent where the exhibits were housed were full from end to end.

School work was the outstanding feature, the writing, pictures, and weed and seed collection being excellent. The greatest number of entries were in the vegetable and home cooking sections. The cooking showed considerable ability in the culinary art by its youthful exhibitors, and the vegetables were uniformly of good standard. The flower show, which was considerable, consisted of phlox, zinnias, asters, cosmos, calendula and table bouquets (all home grown) and did much to add a brightening air to the general atmosphere of cheerfulness evident throughout.
