NO farmer is rich enough to feed high-priced butter to his hogs or his calves in partially skimmed milk.

It's a waste of money and food that your pocketbook, your neighbors, your country, all condemn.

But it's a waste that is going on today wherever an inferior or half-worn-out cream separator is being used, or the wasteful "gravity" method.

Why not put a stop to this needless waste with a De Laval Cream Separator?

You can't afford to do this

There is no other separator that can compare with the De Laval in clean skimming, capacity, ease of operation, freedom from repairs, and durability. It's the world's greatest cream saver.

### NEWSPAPER ADVERTISING BEST

National advertising campaigns through the daily papers is the only way to get the maximum results from advertising without wasting a penny. It is the opinion of William H. Rankin, president of the Wm. H. Rankin Co., of Chicago, in this manner you gain the attention of the community in which you are making your sales effort, you dominate your competitor, you get a far greater number of prospective customers. In these strenuous times of competition to secure national markets, the newspapers are the best and most reliable channels through which advertising campaigns should be directed.

## Let the Referendum Battle-Cry Be "No!" - "No!" - "No!" - "No!"

SINCE the announcement in the Legislature last spring that a Referendum on the Ontario Temperance Act would be taken this fall, the different temperance organizations of the province of Ontario have met together to consider what attitude they should take. The result has been the formation of the Ontario Referendum Committee, which comprises representatives from the organized temperance forces of the province and the temperance sentiment of the province outside of these organizations. The new Committee will conduct the Campaign. We are asking the voters of Ontario to vote "No" to all questions submitted on the ballot.

### The Referendum Ballot AND HOW TO VOTE

	Yes	No
1. Are you in favor of the repeal of THE ONTARIO TEMPERANCE ACT?		X
2. Are you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure through Government agencies and amendments to THE ONTARIO TEMPERANCE ACT to permit such sale?		X
3. Are you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure in standard hotels in local municipalities that by a majority vote favor such sale, and amendments to THE ONTARIO TEMPERANCE ACT to permit such sale?		X
4. Are you in favor of the sale of spirituous and malt liquors through Government agencies and amendments to THE ONTARIO TEMPERANCE ACT to permit such sale?		X

By the Ontario Temperance Act, sale and distribution of alcoholic liquors for beverage purposes within the province were prohibited. For practically three years the province has experienced the good effects of this law. Its repeal would be a calamity. Any of the amendments would spoil it.

For the Temperance forces to win they must secure four "No" majorities. That is, a majority for "No" on EVERY question. The Temperance forces will be

defeated if there is a majority for "Yes" on any of the questions. You must mark an X after each of the four questions, or your ballot is counted as spoiled.

A century of temperance progress in this province is at stake in the coming Referendum. The Ontario Referendum Committee earnestly and respectfully ask you to mark your X in the "No" column after each and every question, as indicated in the sample ballot reproduced herewith.
