Write to-day for particulars of our FREE TRIAL OFFER

A MAN tried to sell me a horse once. He said it was a fine horse and had nothing the matter with it. I wanted a fine horse, but, I didn't know anything about horses much. And I didn't know the man very well either.

So I told him I wanted to try the horse for a month. He said "All right, but pay me first, and I'll give you back your money if the horse isn't alright."

Well, I didn't like that. I was afraid the horse wasn't "alright" and that I might have to whistle for my money if I once parted with it. So I didn't buy the horse, altho I wanted it badly. Now this set me thinking.

You see, I make Washing Machines—the "1900 Gravity" Washer.

And I said to myself, lots of people may think about my Washing Machine as I thought about the horse, and about the man who owned it.

But I'd never know, because they wouldn't write and tell me. You see, I sell my Washing Machines by mail. I have sold over half a million that way. So, thought I, it is only fair enough to let people try my Washing Machines for a month, before they pay for them, just as I wanted to try the horse.

Now, I know what our "1900 Gravity" Washer will do. I know it will wash the clothes, without wearing or tearing them, in less than half the time they can be washed by hand or by any other machine.

I know it will wash a tub full of very dirty clothes in six minutes. I know no other machine ever invented can do that without wearing the clothes. Our "1900 Gravity" Washer does the work so easy that a child can run it almost as well as a strong woman, and it don't wear the clothes, fray the edges nor break buttons, the way all other machines do.

It just drives soapy water clear through the fibres of the clothes like a force pump might.

So, said I to myself, I will do with my "1900 Gravity" Washer what I wanted the man to do with the horse. Only I won't wait for people to ask me. I'll offer first, and I'll make good the offer every time.

Let me send you a "1900 Gravity" Washer on a month's free trial. I'll pay the freight out of my own pocket, and if you don't want the machine after you've used it a month, I'll take it back and pay the freight, too. Surely that is fair enough, isn't it?

Doesn't it prove that the "1900 Gravity" Washer must be all that I say it is?

And you can pay me out of what it saves for you. It will save its whole cost in a few months in wear and tear on the clothes alone. And then it will save 50 to 75 cents a week over that on washerwoman's pay for it out of what it saves you. If it saves you 60 cents a week, send me 50¢, a week till paid for. I'll take that cheerfully, and I'll wait for my money until the machine itself earns the balance.

Drop me a line to-day, and let me send you a book about the "1900 Gravity" Washer that washes clothes in six minutes. Address me

B. I. Morris, Mgr., Nineteen Hundred Washer Company

357 Yonge Street, Toronto, Ontario

Questions and Answers. Miscellaneous.

Barb-Wire Cut.

I have a horse that got in barbed wire and cut his foot badly in the hollow, close to the hoof. The cut is very deep. Could you give me any information for treatment and care of it? G. B.

Ans.—Wash out thoroughly every day, and dress the injury three times daily with one part of carbolic acid to twenty-five parts of sweet oil.

Rent.

A rents farm from B, A to pay stated amount of rent and to pay taxes. The grasshoppers eat up both hay and crop, leaving little more than enough to pay the taxes. Can B exact the entire rent? R. B.

Ans.—In such cases, landlord and tenant usually make some agreement, each to bear a proportionate part of the loss. If the landlord is so inclined, it is likely he can collect.

Theft.

A commits a theft, and B issues a warrant and has him arrested. A then gives B \$100 to withdraw the case. Has B made himself liable in any way by doing so? INQUIRER.

Ans.—We think so. It would seem that B has rendered himself liable to criminal prosecution for having committed an offence against the administration of law and justice.

Preparing Asparagus Bed.

We noticed in your paper quite a long time ago instructions for preparing an asparagus bed, and as we sowed some seed last spring, we would like to prepare for transplanting the roots next spring, as I remember the directions stated. J. U.

Ans.—Asparagus plants should be set out early in the spring, as soon as the ground is fit to work. Thoroughly prepare the ground before hand. A good plan is to set in rows three or four feet apart for convenience of cultivation, and if it is desirable to cultivate both ways, the plants may be set three or four feet apart in the row, but for economy of space it might be better to plant, say two feet apart in the rows. On light, sandy soil, it is well to plant deeper than on heavy soil, against injury from drouth. On an average, plants are set with the crowns four or five inches below the surface. Give good cultivation to keep down weeds.

Umbilical Hernia.

I have a colt about three months old. A small rupture about as large as a plum has appeared at its navel. Can anything be done? What is your opinion on the matter? J. R. B.

Ans.—Unless the enlargement gets much worse, it may be as well to leave it alone for a few weeks at least, as sometimes nature works out a cure of this class of trouble. If it continues to grow worse, it is advisable to put a truss or pad over the part, supported by a leather or strong linen bandage four or five inches wide around the body. Make a pad about the size of a small, deep saucer, on the bandage, to fit over the rupture to keep it in place. Have the straps and buckles fastened to the bandage so that it can be regulated and fastened to prevent it slipping or shifting back or forwards. Keep this on for three or four weeks, and if it does not affect a cure, have your veterinarian apply a claim.

Gossip.

Twenty-six Clydesdales for Canada were shipped from the Clyde, Scotland, the last week in August, consigned by Graham Bros., Clarendon, Ont.; Smith & Richardson, Columbus, Ont.; James Torrance, Markham, Ont.; J. M. Mussen, Niagara-on-the-Lake, Ont., and Hon. Duncan Marshall, Edmonton, Alta.

R. W. Davies and Wilfred Davies, sons of Robert Davies, the Canadian turf man, Toronto, were spirited bidders at the thoroughbred sale of the Powers-Hunter Co., Neekroad, near the Sheep-shed Bay race track, last week. They took five of the best yearlings offered, calling \$8,500, paying \$3,000 for one Deep of Days' colt, out of My Gyps.

Ploughs—Wilkinson

U.S.S. Soft Centre Steel Moldboards, highly tempered and guaranteed to clean in any soil. Steel beams, steel landsides and high carbon steel coulters. Clevises can be used either stiff or swing. Each plough is fitted especially with its own pair of handles—rock, long and heavy and thoroughly braced. The long body makes it a very steady running plough. Shares of all widths—specials for stony or clay land. The plough shown turns a beautiful furrow, with minimum draft and narrow furrow at finish. Ask for catalogue.
