SARNIA FENCE

The co-operation of the Grain Growers' Associations of Western Canada with the Sarnia Fence Company in the past year has resulted in a revolution of the fence prices in the West.

Great pressure has been used to off-set the growing connection between the Sarnia Fence Company and the Grain Growers' Associations in the West. This pressure has brought the attention of the leading officers of the Western farm organizations to see the need of a more permanent arrangement between the Sarnia Fence Company and their organizations.

An agreement has now been completed whereby the Sarnia Fence Co. turns over to the Western Farmers of Canada through the Grain Growers' Grain Company their entire Western business. This agreement is the first of its kind in the history of Canada, whereby a manufacturer turns over the marketing end of his business to his customers and will mean more as the first step of true co-operation than anything that has ever been tried in Canada before.

It is hoped that every Western farmer will see that the fence he uses on his farm will be Sarnia Fence and that his "Slogan" from now on will be "SARNIA FENCE FIRST."

The failure of this movement would be a most vital blow to the co-operative movement in the West and it behooves every farmer to not only see that his local organization purchases Sarnia fence but to see that every neighbor in his vicinity purchases it also.

By writing to-day to the Grain Growers' Grain Company they will forward you complete information regarding the new scale of prices. Please remember that all Sarnia fence sold by the Grain Growers' Grain Company will be backed by our usual Sarnia Fence Guarantee and you will get just as good fence and better service through this connection than you have previously.
