

Columbia Dry Batteries

To ring a bell, buzz a buzzer, run a truck or tractor, the *simplest* source of power is COLUMBIA Batteries.

They're so free from complications, any boy can wire them up!

And once the contact's made, you needn't adjust them, or look at them, or think about them until the last spurt of energy is drained from the cells.

To run a gas engine, to operate phones and signals, to light a lantern or set off a blast, use time-tried COLUMBIAS—the battery built with more than a quarter-century of expert knowledge, by the biggest battery works.
