

## Phenomenal Proof

evidently true, the earnest seeker after truth will surely discover the zone of mental and spiritual expression upon which he is best adapted to vibrate, and with the inhabitants of which he is constitutionally fitted to commune. ## THE BOOK

*"The Message of Ka-Ra-Om"*

This volume is so named because it is sent forth as an embodiment of the liberal views concerning the destiny of man, held in communal thought by Ka-Ra-Om and the "Brethren of the Order of Sublime Silence."

It is a mediumistic production. Dr. Q and Asparda have constantly superintended the work of the psychic-penman in its production by spiritual impression, inspiration, and clairaudience.
