Barrister.

Robert Burns.
Robert Burns has often been cited as an instance of unrequited genius. He lived as best he could on a small salary from the excise and died without any solid share of the fame which afterwards spread throughout the world.

Persian Newspapers.
Persian newspapers are not printed from type. When the reading matter is ready it is passed to a scribe, who makes a clean copy. From this a beautifully written, fine copy is made by a hand-writing expert, and this is finally reproduced by lithography.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:
F. J. CHENEY & CO.,
Toledo, O.

Sold by Druggists, 75c.
Hall's Family Pills are the Best.

Rivers in Russia.
All the navigable rivers of Russia are connected by canals.

The Paris Morgue.
The Paris morgue receives annually about 1,000 corpses. All of these bodies are identified by relatives with the exception of perhaps fifty or sixty.

Free medical advice. Men and women suffering from chronic diseases are invited to consult Dr. Pierce, Buffalo, N. Y., by letter, absolutely without fee or charge. For more than thirty years as chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., Dr. Pierce has devoted himself to the treatment and cure of chronic forms of disease. Assisted by his staff of nearly a score of physicians, each a specialist, his success has been phenomenal, ninety-eight per cent. in every hundred treated being absolutely and altogether cured. Women have especially availed themselves of Dr. Pierce's offer of free consultation by letter, thereby avoiding the unpleasant questioning, the obnoxious examinations, and odious local treatments considered necessary by some practitioners. Over half a million women have been treated by Dr. Pierce and his staff for diseases peculiar to women, with unvarying success. Write without fear as without fee. Every letter is treated as strictly private and confidential, and all answers are sent in plain envelopes, bearing no printing upon them. Address Dr. R. V. Pierce, World's Dispensary Medical Association, Buffalo, N. Y.

Life's little frets call for its largest faith.

Lever's Y-Z (Wise Head) Disinfectant
Soap Powder dusted in the bath, softens the water and disinfects.

Why is a beggar like a baker? They both need bread.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Crescitol tablets, ten cents per box. All druggists.

Even out of the loft some church choir singers have a lofty way.

—You have read of the cures by Hood's Sarsaparilla, and you should have perfect confidence in its merit. It will do you good.

The chestnut burr will soon have its fall opening.

C. C. RICHARDS & CO.

I was very sick with Quinzy and thought I would strangle. I used MINARD'S LINIMENT and it cured me at once. I am never without it.
Yours gratefully,
MRS. C. D. PRINCE.
Nauwigewauk, Oct. 21st.

Greatness is not being lifted up, but in growing up.

NEEDLEWORK DESIGNS.

One That Can Be Used to Advantage in Various Directions.
Needlework is always in vogue, and its beauty as a decoration in the home is always appreciated. Among the old time designs used in this dainty work there lingers an atmosphere of charm, and the colonial design shown in the accompanying illustration can be used in various ways. For chair backs and arms it is wrought on natural grass linen in colors of blue and green blended in a solid shaded Kensington stitch, making in effect what we call iridescent work; berries in burnt orange in satin stitch, stems in outline in

COLONIAL NEEDLEWORK DESIGN.
hunters' green and ribbons at base of the wreath in two shades of mahogany in tapestry stitch. This same design can be used in the corners of a square luncheon cloth, with plate and napkins to match, wrought in china blue linens or cottons or in all white on an unbleached linen. Four corners of a sofa pillow wrought in blues from the silvery to the metallic on a gray green or mahogany satin sheeting ground make a choice pillow.—Philadelphia Ledger.

Daughter and Father.

There are two things that can be done by a father for his daughter and that, if they were always done, would in the course of a single generation make our womanhood approach a level which they have never yet reached. The first is to gain the confidence of his daughter in her earlier years, and the second is to keep it unimpaired and to perpetuate it. If he be his daughter's friend and chosen companion, sharing all her little confidences and imparting to her much of what he knows, with the intuition of a woman and the breadth and sanity of a man, the girl will grow up with a mind unlike the minds of many women in whom femininity verges upon fatuity. From close association with a father the young girl quite unconsciously acquires something of the largeness of the man's nature and loses something of the pettiness and narrowness of the woman's. His tolerant, genial spirit will moderate her tense emotionalism; his sense of humor will rid her of sentiment and imbue her with a sense of proportion; his firm, his good comradeship, his affection and his knowledge of life will help to send her forth into the world strengthened and developed as no purely feminine influence could strengthen and develop her.—St. Louis Globe-Democrat.

Whooping Cough.

Jacob Sobel gives the results of his own experience with the paroxysms of whooping cough treated by pulling the lower jaw downward and forward. Pulling the lower jaw downward and forward controls the paroxysms of whooping cough in most instances and most of the time. The method is usually more successful in older children than in younger ones and infants. In cases without a whoop the expiratory spasm with its asphyxia is generally overcome, and in those with a whoop the latter is prevented. It is as successful as any single drug, or even more so. Mothers should be instructed in its use, so that attacks, especially at night, might be arrested. The manipulation is harmless and painless. Its only contraindication is the presence of food in the mouth or esophagus. Patients thus treated are less likely to suffer from complications and sequelae than those treated only medicinally. It is advisable to try this method in other spasmodic coughs and laryngeal spasms.—New York Medical Record.

Home Shampoo Greeds Earache.

"One reason why women are troubled with earache more generally than men is their method of drying the hair after a home shampoo," said a doctor. "They dry it with a fan, which is quite proper, but the way they use the fan is entirely improper. Instead of wielding that so as to send the wind through the strands of hair they manipulate it in such fashion that they blow a regular gale right into the ear, and the consequence is that for several days after the shampoo the cleansed locks clothe a head that is the seat of a mighty assortment of aches and pains. If, instead of the fan, the hair itself were made the center of the artificial cyclone, the drying process would be effected more quickly and a severe attack of earache averted."

Lip Soreness From Thread Biting.

Ladies who do a great deal of sewing frequently suffer a great deal from soreness of the mouth and lips and are often at a loss to ascertain the cause of the trouble. Half the time it is simply the result of biting off thread instead of using a pair of shears for cutting. In the case of silk thread the danger is quite marked, because it is usual to soak the thread in acetate of lead, partly to harden it and give it a good surface and also perhaps to increase its weight somewhat. If this practice is followed regularly and very much silk thread is used, the results may be quite serious and even lead to blood poisoning.

LAUNDRY LINES.

A few drops of ammonia added to the bluing water will whiten the clothes.
Try using soapy water for making starch. It is said that the linen will be given a gloss by this means and that the iron will not stick.

It is said that a tablespoonful of black pepper put in the water in which colored cambrics are washed will keep the colors from running.

In ironing handkerchiefs it is a good plan to smooth the center first. If the edges are ironed first the center will be found baggy and will fold in creases.

Stains of iodine may be entirely removed from white calico or linen by rubbing damp carbonate of soda into the marks and washing in cold water till they are removed.

When lemon juice or other acid has made a white spot on a colored fabric try applying ammonia to neutralize the same. Rub with a little chloroform, after which the original color should return as bright as ever.

For very yellow or very dirty clothes make an emulsion of kerosene, clear lime-water and turpentine in equal parts. Shake together until creamy, then add a cupful to every boilerful of clothes and boil for half an hour.

Sweet and Strengthening Baths.
A lemon bath is wonderfully soothing and refreshing after a wearisome day's shopping in town or after a strenuous country day with tennis and golf and walking on the programme. Squeeze the juice of three or four lemons into a tub of hot water. Throw the lemons, too, into the tub and allow them to remain for half an hour. When the bath is tepid or nearly cold and the water has been thoroughly permeated by the lemon juice it is ready for the bather.

A lavender bath is another exhilarating dip. To make the lavender lotion, which softens and perfumes the skin, mix four ounces of alcohol, one-half ounce of ammonia, one dram of oil of lavender.

A good bathing powder—to be used afterward, of course—is made like this: Seven and one-half ounces of starch, one-half ounce of powdered orris root, one-half ounce of powdered talcum. Perfume with one-quarter dram each of oil of lemon and oil of bergamot, seven drops of oil of neroli and two drops each of oil of bitter almonds and verbenia.

A Beauty Recipe.

A Roman nose and a Grecian knot do not make a raging beauty or a gentleman. Something more than good features and perfect lines are needed to build up a temple of human loveliness. Sweetness of mind, gentleness of heart, manners that aren't of the Sunday order and a capacity for making other mortals comfortable—all these are actual necessities. A brain that has developed through reading and study and a tongue that knows how to run right without slipping into gossip clobs are helpers. Freckles are disfiguring, but one misdeed thought has greater power for destroying beauty. If you will use orange flower skin food and grow a little fine cheerfulness the wrinkles will whisk away from your furrowed brow. The skin food builds up the tissue, while the massage stimulates glands and blood vessels. Before applying bathe the face well with warm water, pour imported castle soap and a complexion brush.—Chicago Record-Herald.

As to College Women.

Over 37 per cent of the woman graduates of the University of Michigan now living are teachers. About 28 per cent are believed to be keeping house; about 1 per cent are practicing medicine. The occupations in which the largest numbers are engaged and the figures for such occupations, as compiled from the recently published general catalogue, are as follows: Teaching, 646; housekeeping, 485; practicing medicine, 289; missionary, religious and philanthropic work, 34; dentistry, 25; law, 23; pharmacy, 19. The figures given for those engaged in housekeeping are obtained by including all married women who did not report some other occupation. Other pursuits in which Michigan alumnae are engaged are engineering, clerical work, lecturing, stenography, art, business, etc.

The Nervous Baby.

People who try to make baby "notice" and who exhaust themselves trying to entertain him might read with profit the following, clipped from an English magazine:
"What does the nervous mother ask herself in moments when nerves are strained by pain or overexcitement of any kind? 'Rest! she chiefly demands. 'Leave me! Let me have quiet, darkness, freedom from all effort.' We accord the nervous baby exactly opposite treatment. We answer as if entranced: 'Rock me! Toss me! Shake rattles at me! Sing to me! Shout, jump at me! Show me a light—anything to keep me awake and excited!'"

A White and Yellow Dining Room.

A white and yellow dining room is decidedly something of a novelty. It is difficult for decorators and home makers to get away from the idea that a dining room should be treated in a markedly dignified if not a somewhat subdued and heavy style. Yellow and white is not necessarily flippant, and when the room is to be treated in the country and has a green and shaded outlook the effect is really charming.

A Hint Regarding Big Dinners.

When a woman is giving a big dinner party she seldom thinks of getting some of the dishes cooked and ready the day before and so lightening the work. Soups, gravies and sweets are usually better if made the day before. The wise mistress will give her cook the bill of fare a day or two ahead.

Could scarcely get up or down without help.

Had a severe pain in the small of the back.

as treated in the Hotel Dieu, Kingston, but not cured.

Kidney trouble was the trouble.

Doan's Kidney Pills

Cured Mr. George Graves, Pitts Ferry, Ont., of a very bad case of kidney trouble.

He tells about the cure in the following words: "I cannot recommend Doan's Kidney Pills too highly. I never took anything that did me so much good. I had a severe pain in the small of my back and could scarcely get up or down without help. I could hardly urinate, but when I did the pain was terrible. I was in the Hotel Dieu, Kingston, last winter and when I came out I was some better but not cured. It was then I saw Doan's Kidney Pills advertised. Since taking them I have been completely cured and have not had any trouble with my kidneys since."

Doan's Kidney Pills, 50 cts. per box or 3 for \$1.25, all dealers or THE DOAN KIDNEY PILL CO., TORONTO, ONT.

Every constitutional means that could be used to free Nova Scotia from Canada was seized on by Howe. He went to England and argued his case with all his eloquence before the British Parliament. He was supported by John Bright, but was defeated. Seeing that his cause was lost, Howe accepted the inevitable, and when the original terms upon which Nova Scotia was taken into the Dominion were changed in the interests of that province, Howe advised their acceptance. His death, before the wisdom of Confederation was apparent to all, robbed his declining years of the tribute which was their due. So he appealed to posterity to judge him. Posterity has answered, says The Mail and Express.

Time spent in courtesy is never wasted.

The best nourishment for the Weak and Sickly is D.L. Emulsion.

Radley's Cough Cure
25c per Bottle
Is the best preparation on the market for Coughs and Colds.

THE LATEST AND BEST TIP TOP SOAP CHIPS

Easy to wash with Tip Top Soap Chips. Made from the purest and best materials that can be produced. Absolutely free from chemicals injurious to garments. It will not make the clothes hard, nor injure the finest fabrics. No rubbing required. Saves time and money, as it is the most economical soap made. One pound will do more washing and go farther than two pounds of any other soap. Makes the clothes clean and white.
