ESSEX CO., ONT.
 AMHERSTBURGH, June 4.—The farmers here are busy planting corn. Owing to the heavy rains last month and good weather, a lot of corn had to be planted over again, and seed is very scarce and high; also all kinds of meat. I had a high school boy and his went home sick after the first day's work on the farm, so I had another boy now. I am always glad to read the letters in Farm and Dairy from the different parts of Canada.
