**This reservoir is as easy
to clean as a pan**

YOU would never put off cleaning the hot-water reservoir of the Pandora. It is such a simple thing to keep clean.

It is lined with clear white porcelain as hard as glass. *And it can be lifted out* as easily as you would lift a pan from the top of a range. You empty it out and wash and rinse it. The water is always as clear and pure in the reservoir as it is in the kettle.

This is only one of the many conveniences of the Pandora. The oven-door is glass. Think how often you open the door on bake days. You can watch the baking *through* the Pandora oven-door. The wash-boiler can be set the long way of the range, if you wish, leaving two of the hot front holes free for cooking. Wash-day dinners can be just as good as on other days.

You have heard about the Pandora, would you like to study out for yourself why so many women praise this range?
