

HERE'S a SUMMARY of the GRAIN SITUATION and WHAT I CAN DO FOR YOU

Southern and South-western Manitoba—The wheat will not be above a fair average, owing to rust. My knowledge of handling shrunken grain helps you to dispose of your crop to best advantage.
Northern Manitoba—There will be plenty of good wheat here, with but little effect from rust. Handling this is a speciality of mine.
The Territories—A splendid crop, although not tremendous. You will be pleased with the prices I can get you.

Of course frost and unforeseen circumstances may alter the outlook, but the e have always to be reckoned with. Write me at once. Grain brought by the car lot direct from shipper. Prompt and straight settlements.
