

Written for The Pilot. The Lost Bird on Shipboard.

A REMINISCENCE OF THE COAST OF BARBARY, 1872.

Lone rover of the pathless deep,
And blank abyss of gloom;
A hundred weary leagues and more
From native tree, or Moorish shore,
And thy forsaken home!

Thy living vigor, silent thro'
In vast and upper void,
Under the watch-fire of the star,
Where sentinels of worlds afar
In camps of space abide.

And like a crimsoned autumn leaf,
Torn from its parent tree,
So, drifting from the higher air,
Thy wings of color—rich and rare—
Drop o'er the purple sea.

By snowy sail and lofty spar,
And wood of salty rope,
Thy falling strength upon the deep
A haven finds for peace and sleep,
A refuge and a hope.

Thy cradle-nest is far away,
O weary bird, why here?
The music of thy natal song
Not written on the waves that throng
The channels of the sphere.

Not mine to know, or thine to tell,
Enough! thou hast thy rest,
So in my jacket safely stay
From midnight watch to break of day,
And nestle in my breast.

For in thy mute, exhausted life
I feel a truth for me,
A note unheard, but written plain,
In human soul and voice again,
The angel dumb in thee.

Of Care Divine that never sleeps
In watching o'er its own,
For souls of men, wherever they stray,
Have in the darkness of their way
A resting-place and home.

In trouble, doubt, and haunting fear
Or sorrow's starless sea,
Or, hither, lost in storm or gloom,
God has, amid the wrecks of doom,
An ark that waits for thee!

FRED WOODROW, Des Moines.

FIVE MINUTE SERMONS FOR EARLY MASSES

BY THE PAULIST FATHERS.
Preached in their Church of St. Paul the
Apostle, Fifty-ninth Street and Ninth
Avenue, New York.

THIRD SUNDAY IN LENT.

"He that is not with Me is against Me."

These words, my dear brethren, like many others spoken by our Blessed Lord, may be interpreted in various ways. They may be understood to mean that he who is not with Christ, by being united to His Church which He has founded, is injuring the cause of Christ, is persecuting His enemies, or, in other words, is acting against His Church. The distinguishing feature about it is an important improvement in the method of bringing the piano, which originated in their own factory. The strings are secured by metallic fastenings, instead of by the case, and the advantages resulting are numerous and highly important; among them are: Wonderful beauty of tone, far less liability of getting out of tune, greater reliability in trying climates, and greater solidity, construction and durability. Mason & Hamlin have made 150,000 organs. They can hardly expect to make as many pianos as they will doubtless be called upon to make a very large number.—Boston Traveller.

Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites, for Pulmonary Troubles. J. T. McFALL, M.D., Anderson, S. C., says: "I consider Scott's Emulsion one of the best preparations in the market for Pulmonary Troubles."

A Plant of Rare Virtues.
Is the common and well-known Burdock. It is one of the best blood purifiers and kidney regulators in the vegetable world, and the compound known as Burdock Blood Bitters possesses wonderful powers in the treatment of the blood, liver, kidneys and stomach.

Hard and soft corns cannot withstand Holloway's Corn Cure. It is effective every time. Get a bottle at once and be cured.

No one buys a "Pie in a Poke"—in other words, purchases on mere guesswork—who buys for his or her relief Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The fact is too well known to leave room for any peradventure that it is a sovereign cure for Indigestion, Costiveness, Impurities of the Blood, Kidney and Female troubles, and other infirmities. Sold by Harkness & Co., Druggists, Dundas Street.

No Matter.
No matter where pain, lameness or soreness exists, Hargy's Yellow Oil taken or applied will give immediate relief, and a positive cure quickly follows its use.

Mr. Henry Harding, of Toronto, writes: "My little daughter, 7 years of age, has been a terrible sufferer this winter from rheumatism, being for weeks confined to her bed, with limbs drawn up, which could not be straightened, and suffering great pain in every joint of limbs, arms and shoulders. The best of physicians could not help her, and we were advised to try Dr. Thomas' Electrode Oil, which we did, and the benefit was at once apparent; after using two bottles the pain left, her limbs assumed their natural shape, and in two weeks she was as well as ever. It has not returned."

Rev. J. McLaurin, Canadian Baptist Missionary to India, writes: "During our stay in Canada, we have used Dr. Thomas' Electrode Oil with very great satisfaction. We are now returning to India, and would like very much to take some of it with us, for our own use and to give to the diseased heathen."

The "Myrtle Navy plug" correctly represents the whole plan upon which its manufacture is conducted. There is not a fractional part of a cent expended upon it for mere appearance. It is neither wrapped in tin foil nor worked into fancy shapes, nor put in any fancy cases, nor subjected to any kind of expense merely to please the eye or captivate the fancy. The manufacturers rightly believed that tobacco was not purchased for ornament, but for smoking, and therefore all extraneous expense was avoided and added to the quality of the tobacco. The public have testified in its case that they prefer paying their money for a high quality of article than for ornament out of place.

A Jesuit in Wales.
The London Spectator.
We omitted last week to notice a rather remarkable and satisfactory phenomenon in Wales—the extraordinary enthusiasm with which a Jesuit Father was received at Denbigh during the Temperance Conference of the week before last. On Wednesday, the 14th, Father Bernard Vaughan addressed the Conference in the Drill Hall in a speech of certainly very unusual ability and of elaborate finish—in fact, in an oration of the kind which is now almost a thing of the past. But that, even at a Temperance Conference, a Welsh audience—Protestant beyond what it is easy for us in London to understand—should be described in a Welsh paper as "rising en masse and cheering in the most demonstrative manner, the excitement being very great," after a Jesuit priest's speech, tells more of the rapidly growing mildness of religious prejudices in the United Kingdom than any incident we have ever chronicled. In truth, the speech was a very eloquent one, and doubtless delivered with all the practiced elocution of a master. But twenty years ago, even such a master, if a Jesuit, could not have charmed an audience of Welsh Protestants.

Thousands Hastened to their Graves.
By relying on testimonials written in vivid glowing language of some miraculous cures made by some largely puffed-up doctor or patent medicine has hastened thousands to their graves; the readers having almost issued faith that the same miracle will be performed on them; these testimonials mention, while the so-called medicine is all the time hastening them to their graves. Although we have

Thousands Upon Thousands!!!
of testimonials of the most wonderful cures, voluntarily sent us, we do not publish them, as they do not make the cures. It is our medicine, Hop Bitters, that make the cures. It has never failed and never will. We will give reference to any one for any disease, but we will not refer to any neighbor, as there is no neighborhood in the known world but can show its cures by Hop Bitters.

A Losing Joke.
A prominent physician of Pittsburgh said to a patient who was complaining of her continued ill health, and of her inability to cure her, jokingly: "Try Hop Bitters. The lady in the world, who has obtained permanent health, from which she obtained permanent health, she was laughing at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient."

Fees of Doctors.
The fee of doctors at \$3.00 a visit would tax a man for a year, and in need of a daily visit, over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.

Given up by the Doctors.
"Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?"

Assure you it is true that he is entirely cured, and with nothing but Hop Bitters, and only ten days ago his doctors gave him up and said he must die from Kidney and Liver trouble!"

None genuine without a bunch of green hops on the white label. Show all the people your stuff with "Hop" or "Hops" in their name.

"Poor John, he was a kind and forbearing husband," sobbed the widow, on her husband's funeral. "Yes," says a sympathizing friend, "but it is all your fault. You must try and comfort yourself, my dear, with the thought that your husband is at peace at last."

A Heartly Recommendation.
Jacob A. Empey, of Cammer, states that he has taken Burdock Blood Bitters with great benefit in a lingering complaint, and adds that he would gladly recommend it to all.

One trial of Mother Graves' Worm Extirminator will convince you that it has no equal as a worm medicine. Buy a bottle, and see if it does not please you.

A Decided Hit.
Hargy's Yellow Oil touches the right spot every time when applied for rheumatism, neuralgia, pain, soreness or lameness, and internally for colds, sore throat, etc., it is equally infallible.

FREEMAN'S WORM POWDERS require no other Purgative. They are safe and sure to remove all varieties of Worms.

Prof. Low's SULPHUR SOAP is highly recommended for the cure of Eruption, Chafes, Chapped hands, Pimples, Tan, &c.

The Question of the Day.
"What is good for a Cold?" is a question often asked, but seldom satisfactorily answered. We can answer to the satisfaction of all, if they will follow our advice and try Hargy's Bectorial Balsam, a safe, pleasant and certain throat and lung healer. Sold by all druggists.

A Valuable Patent.
The most valuable discovery patented in modern times is that of the best blood purifier and liver and kidney regulator known. We refer to Burdock Blood Bitters, which is making so many wonderful cures and bringing the blessed boon of health to so many people.
