

SAVE SUGAR By Using CROWN BRAND CORN SYRUP

for all Sweetening

In 2, 5, 10 and 20
pound tins
and
3 lb. "Perfect Seal"
Glass Jars.

for making homemade candy—for all
baking—as a sauce for desserts—on
griddle cakes and hot biscuits—use this
delicious table syrup, made from corn
—and thus save sugar. Ask your grocer.

Protect Your Tractor!

Between a new tractor and a prematurely old tractor there are three important differences.

New Tractor

1. Low fuel consumption.
2. Full power.
3. Occasional repairs.

Old Tractor

1. Excess fuel consumption.
2. Weakened power.
3. Frequent repairs.

Let us look at the symptoms of premature old age.

(1) Excess fuel consumption is one of the first effects of improper lubrication and careless operation.

(2) The most serious causes of permanently weakened power are worn or scored cylinders and worn pistons and piston rings. They are caused by failure of the lubricant either to reach and protect the friction points, or to seal the piston rings.

(3) During the first year, engine repairs usually are infrequent—even with the incorrect oil. But with

incorrect lubrication, the second year brings the reckoning. The metal worn off by friction is gone forever. The results of wear show up plainly. Worn metal never "comes back."

Mobiloids

A grade for each type of motor

You bought a tractor that would do your particular work quickly and economically.

Now buy the oil that gives your tractor full power and lowest operating cost.

You will find the correct grade of Gargoyle Mobiloids for your tractor specified in the Chart of Recommendations (shown on the right).

To Correctly Lubricate Your Automobile

There is a grade of Gargoyle Mobiloids that will exactly meet the lubricating requirements of your automobile. It is specified in the Gargoyle Mobiloids Chart of Recommendations for Automobiles. Write for booklet, "Correct Lubrication," containing complete discussion of your automobile problems and troubles, and complete Gargoyle Mobiloids Chart of Recommendations for automobiles, tractors, motorcycles and motorboat engines.

Correct TRACTOR LUBRICATION

Explanation:—The four grades of Gargoyle Mobiloids for tractor lubrication, purified to remove free carbon, are:

- Gargoyle Mobiloid "A"
- Gargoyle Mobiloid "B"
- Gargoyle Mobiloid "BB"
- Gargoyle Mobiloid "Arctic"

In the Chart below, the letter opposite the tractor indicates the grade of Gargoyle Mobiloid that should be used. For example, "A" means Gargoyle Mobiloid "A," "Arctic" means Gargoyle Mobiloid "Arctic," etc.
