GOOD BLOOD FOR BAD

That is What Dr. Williams Pink Pills for Pale People Always Cive—They Never Fall.

Good blood is the one thing neces sary for perfect health. If the blood is good disease cannot exist-if it is bad isease is bound to appear. There are lozens of maladies caused by bad disease is bound to appear. There are blood. Among them are anaemia, rheumatism, heart palpitation, headache and backache, indigestion and the special ailments of women and growing children. If you suffer from any of these troubles, Dr. Williams' Pink Pills will cure you-because they make new, red, health-giving blood. They succeed where doctors sometimes fail. In proof of this Mrs. Sarah Jane Duce Deseronto, Ont., says: "In 1905 I became weak and sickly. I was all run down; I found housework a burden sometimes I could not do it at all; th least effort made me tired. I consulted a doctor who told me he might help me some but could not cure me permanently on account of my age. I am over fifty. His treatment did not help me and I gradually grew worse; even my friends began to despair. Four different doctors told me my case was hopeless. My suffering was intense. Sores broke out around my mouth and I was unable to eat. I consulted a specialist, who told me my trouble was anaemia and that he had little hope for my recovery. I was in despair and decided it was useless to spend any more money on doctors. One day my husband urged me to try Dr. Wililams' Pink Pills. After a few weeks use of the pills I was convinced that I had found the right medicine. I took twelve giadly recommend them to all sufferers, for they cured me when doctors had failed and my friends were expecting death to end my suffering."

to Young Couple Whom Re Had Been Asked to Marru

TAUNTON, Nov. 29.—The amazing scene at a wedding which was witnessed in the parish church of Isle Abbotts, a village in Somersetshire, on August 20 had a painful sequel a few; days ago, when the vicar appeared as defendant before the consistory court of the diocese of Bath and Wells, held at the Shire Hall, Taunton.

It was alleged by the prosecution that the vicar, the Rev. James Henry Taylor, when officiating at the marriage of Arthur John Burt, a clerk, and Miss Emily Eliza Hooper, was drunk and behaved in an extraordinary manner, first reading part of the burial service, and later part of the baptismal service, and that in consequence another clergyman had to be fetched to complete the ceremony, After and I am now in excellent health. I portion of the evidence had been given the accused entered a plea of guilty, The chancellor of the diocese said the court would report the matter to the bishop for sentence.

Detailing the circumstances in connection with the wedding, the prosecu-tor said the vicar came into the church where a large congregation had asse bled, and, having robed, proceded to the chancel, apparently oblivious of the fact that the bride had not arrived. When the bride arrived he wer back to the chancel and commenced reading a service in a low tone. It was at first thought to be the marriage service, but he was heard to say some-thing which was apparently a portion

of the burial service.
