If you paid 1-4 or 1-3 more for Dress Materials, Trimmings, Thread and Buttons because you bought on a "club" or "easy payment" plan you wouldn't count it a very thrifty purchase.

The same argument applys to buying a sewing machine. Prove it to your satisfaction. We handle only reliable sewing machines, no matter how low priced. There is no soft metal used where good steel should be used, and there are no makeshifts hidden under a coat of enamel.
