OTTAWA FREE PRESS SUSTAINED.

A Prominent Ottawa Man Confirms Under Oath Every Statement Made by This Paper in the Original Story Published Nearly Seven Years Ago.

(From the Ottawa Free Press.)

Some seven years ago the Free cured of Bright's Disease by Dodd's Press published a graphic account of a remarkable case here in Ottawa.

"Not a minute," answered Mr. Kent

A man named George H. Kent had een cured of Bright's Disease after the doctors had given him up to die, and the Free Press reporter, after a most thorough investigation, published the whole story in detail, giving creat to hedder kidner kills for creat to Dodd's Kidney Fills for most miraculous cure.

The following sworn statement was given by Mr. Kent in order to substantiate the almost incredible statement made by the paper in its account of the case: ecount of the case: (Sworn Statement, Feb. 16th, 1895.)

I, George Henry Kent, resident at 114 Cambridge street, Ottawa, and employed as a printer in the British American Bank Note Printing Company, in the said Printing Company, in the said city of Ottawa, do solemly de-clare that I consider it a duty to myself and to my fellow-men generally to make a declaration as to the ef.iciency of Dodd's Kidney Pills.

1. Taat I found them in my ter-

rible case of Bright's Disease, from which I suffered for almost one year, of the greatest medical value. I can say confidently and assure anyone interested, or a sufferer, that I positively owe m life and present excellent health If and present excellent health to the results brought about by their use, I was taken sick and confined to my bed on December 13th, 1893, and was successfully treated for La Grippe, then Pleurisy, followed by Kidney Troubles, and Intterly Bright's Disease. I lost the use of all my limbs, my entire body became swollen to a terrible size, and my skin became as hard as and similar to leather, the porces all having closed up, the pores all having closed up, and I suffered the most agonizing pain. I was subject to periodical spells of utter prostration and insensibility, to a state of absolute coma. I was also a victim of dangerous convulsing in writish my gerous convulsions, in which my

gerous convuisions, in which my facial expression and other muscles would become severely contorted and tense.

2. My regular physician attended to me, and, though medical consultations were held over my case by two city doctors, nothing could be done. My case grew gradually worse, and latterfy I was given up as hopeless. My wife, friends and neighbors were certain from what they way and were told by the visiting doctors that I would die in a very short time.

3. My wife was casually reading a new paper about this time, and saw a description of a similar case in which a patient gave testimony of the relief and cure that had been effected on him by Dodd's Kidney Pl'ls. I started to take them right away, and from the first pill I discovered a change for the better. After the first box I was wonderfully improved, and at the end of the fourth I was sure I was to get 3. My wife was casually read improved, and at the end of the fourth I was sure I was to get well again. I continued taking them until the seventeenth box, and I can now positively declare that I am perfectly cured and able to do a day's work with any of my comrades in the shop, and Dodd's Kidney Pills undoubtedly cured me, because from starting. to take them I took no other medi-cine whatever.

AND I make this solemn de-

chration, conscintiously be-lieving the same to be true, and by virtue of the ACT RESPECTby virtue of the AUL MANUELLE ING EXTRA JUDICIAL OATHS. Declared before me, at the City of Ottawa, in the County of Carleton, this 16th day of February, 1895.

G. H. KENT (Sgd.) CHAS. A. BLANCHET, A Commissioner, etc.

The Free Press in the article published in 1895 stated most positively that Dodd's Kidney Pills and nothing else were entitled to the credit of else were entitled to the credit of having saved the dying man's life, and this was most emphatically endorsed by Mr. Kent in his sworn statement. The Free Press also said without qualification, that the cure of Mr. Kent was an absolute and permanent one. And while Mr. Kent was an absolute and permanent one. permanent one. And while Mr. Kent could not make a sworn statement as to the future, he stated that he felt he was permanently cured. Notwithstanding this, there were many who could not believe that a

man with one foot in the grave as Mr. Kent was could get a lasting

It occurred to the Free Press the other day that it would be interesting to enquire now, efter the lapse of nearly seven years, as to how Mr. Kent was feeling.

He had removed to 408 Gilmour street, and at that address a Free Press rejector found him.

After reminding Mr. Kent.

He had removed to 408 Glimour street, and at that address a Free Press recorder found him.

After reminding Mr. Kent of the article and his affidavit, the newspaper man asked him point blank:

"Have you lost any time from your regular work since you were death were lapping his feet.

LOVE LAUGHS AT MRS. GRUNDY.

When a man is in love he seldom stops to consider whether or not the Mrs. Grundys of his set will approve of his selection or not. If the woman is willing he straightaway hies him to a minister or a magistrate and the twain are made one Men have been acting that way almost from time immemorial. For instance, there was William Cob bett, the great writer and the "liberator of the English press," as he is frequently called. He was only 21

years of age, when, walking out in the streets of Halifax, Nova Scotia, one morning he chanced to see a buxom servant girl busily engaged in washing the family linen. The girl, though only 13 years of age, was pretty, so Cobbett spoke to her, learned her name, and the same evening called upon her parents and evening called upon her parents and Have you since had the slightest said he would like to marry their symptoms of your old kidney trouble or anything like it?"
"Not the slightest," he said.
"You are sure that Dodd's Kidney Pills and nothing else saved your life daughter. This is probably the origin of the expression, "This is so sudden," which blushing maidens have made use of ever since. The parand restored you to your present good health?" ents of the girl informed the young man that they had no objection to "Absolutely sure. Why, my wife and are so grateful to Dodd's Kidney him as a son-in-law, but that he would have to wait until their daughter was of a marriageable age. Accordingly, Cobbett gave the girl all the money he had, which amounted to \$700, and she went to England and became a domestic in the family of a clergyman. Five years later Cobbett returned to England and married her. Pills that we have christened our little girl, born in December, of 1896, by the name of 'Dodds.' This shows you better than anything I can tell you to what we attribute my recovery. I owe my life to Dodd's Kidney Pills."

"Would you be willing in order to confirm our story published in 1895 to make another sworn statement?" asked the scribe. Sir Henry Parkes, Premier of New South Wales, is another example. One night when dialog at a friend's house asked the scribe.

"If it would do you any good I have no objections," answered Mr. Kent.

"The Free Press was certainly well within the truth in every statement they published about my case."

Mr. Kent, at the request of the Free Press, has given the following sworn statement: night when dialing at a friend's house he was struck by the appearance of a servant girl who waited upon the table, and persuaded the host to nilow her to enter his employ. This she did, and for a short time held the position of cook in Sir Henry's household. Then his love for her overcame all conventionalities, and he made her Lady Parkes.

sworn statement:

SWORN STATEMENT, OCT. 3, 1901.

I, GEORGE HENRY KENT, resident at 408 Gilmour street, in the City of Ottawa, and employed as a printer at the American Bank Note Company in the said City of Ottawa, do solemnly declare:

1. That on February 16th, 1895, I, George Henry Kent, then resident at 114 Cambridge street,

clare:
1. That on February 16th, 1895, I, George Henry Kent, then resident at 114 Cambridge street, Ottawa, did appear before Charles A, Blanchet, Commission-Thomas Day, the author of the famous book, "Sanford and Merton," selected two girls, one from a poorhouse and one from a foundling asylum and took them into his house as domestics. He proposed to both of them in turn. One rejected his suft, The other promised to marry him, but subsequently withdrew her promised.

er. etc., and before him on that date did make a colemn declara-

ton regarding my recovery from Bright's Disease by the use of Dodd's Kidney Pills and setting forth the facts of my case and

its cure.

2. That in the declaration I

set forth that I believe that I was absolutely and permanent-ly cared by Dodd's Kidney Pills after the doctors had given me

up to die.
3. That I am now absolutely car-

tain that Dodd's Kidney Puls and nothing else saved my life,

and I hereby unhesitatingly reaf-

firm every statement made in my declaration made before Mr. Blan-chet, on February 16th, 1895. 4. That I have never since that

date had the slightest symptom

of the return of the Bright's Dis-ease or any Kidney Trouble, hav-ing enjoyed unremitting good health and having worked stead-ily and without interruption full time at my regular employment as a printer every working day

as a printer every working day from the day Dodd's Kidney Pills sent me back to work to the date of this declaration.

That in evidence of our gratitude to Dodd's Kidney Pills for having saved my life, my wife and I have christened a little daugh-

born to us in December of

than this plain declaration made by Mr. Kent, and the Free Press is pleased to be able to present such a complete and emphatic confirmation of our article of 1895.

ber, 1901.

The other promised to marry him, but subsequently withdrew her promise on account of his eccentricities. Day, however, admired the girl's courage, and settled a dowry of \$2,500 upon her, at the same time deciding to remain a bachelor.

But more illustrious than all these examples is that of Peter the Great. One day the founder of the Russian Empire, the great and terrible Peter, was dining at the house of Prince Menshikoff. He noticed one of the serving malds particularly, and though she was not hanasme, she caught the fancy of Peter. Her name, caught the fancy of Peter. Her name, the price told the Czar, was Martha. She had been a servant in the house of a Lutheran minister of Marlenburg and when that city was captured by the troops of Russia she had been taken prisoner by General Bauer, who had passed her over to the prince, while series she was. The prince politely made a present of her to the Czar, who eventually married her, renamed her Catherine, and she reigned after him as Catherine I., Empress of all the Russias. caught the fancy of Peter. Her name

Useful and Interesting.

Palmistry is now recognized as a useful and interesting science. There are specialists in all the larger cities on this side of the Atlantic, as well as in Europe and other foreign countries, who are consulted regularly in the same way as one seeks the advice the same way as one seeks the navice of a lawyer or physician. One advantage that palmistry has over the above professions is in the very moderate charges made for the valuable information often, obtained from the readings. readings.

not been cured, and I know positively of my own personal know-ledge of several extreme cases where Dodd's Kidney Pills have effected satisfactory and perfected satisfactory and persons, and men in whose business and correctness of And I make this solution deviara-tion, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Arthony" vision are a necessary adjunct possess blue eyes. Haven't you ever noticed the penetrating quality a glance from an azure tinted eye seems to have? The cold, steady look from such an eye appears to Declared before me at the City read you through and through. In a read you through and through. In a great many years of practice I've discovered that very few blue eyed people are compelled to wear glasses. Blue eyes are very attractive, but brown eyes are the most beautiful. J. F. VANBUSKIRK. Fredericton.

Rev. A. H. Baldwin on Treating I don't think that we will ever get temperance in this country, either by drastic prohibitory laws or by charging high prices for the right to seil drink. I believe that the Canadians are the finest race of people on the earth, and I believe that they could be the most temperate people if the treating habit was abolished. Why should a man who wants one drink take five, and then have the stretcher company called in for him? When you know that it does so much harm why do you persist in the senseless habit? If you cannot manage to avoid it in the clubs, and you cannot manage to avoid it in the saloons, but them both out and be sober and let your light shine. What sort of a man are you at home? Does your light shine before I don't think that we will ever shine. What sort of a man are you at home? Does your light shine before your wife and children. I love to see the little children running out to meet the father when he comes home, but when I see a man tacking along the sidewalk home I don't see the children out to meet him.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few ye. rr was supposed to be incurable. For a great many years doctors pronounced i a loval disease, and pre-cribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional disease and therefore requires constitutional disease and therefore requires constitutional cure to the market it is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hund ed dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CATTLE FOR PROFIT.

OTTAWA CITIZENS AMAZED.

Ottawa, Oot. 18. (Special).—The city papers are just now publishing startling statements as to the cure of several very bad cases of Bright's Disease by Dodd's Kidney Pills. That the matter has taken hold of the city is best evidenced by the fact that the papers are giving columns of space to a full detailed account of these miraculous cures.

One of the cases which has made a great sensation this week is that of a Mr. Kent, who is said to have been cured of Bright's Disease by Dodd's Kidney Pills, after having been given up by several prominent physicians.

The papers are substantiating their accounts of this particular case by sworn statements made by Mr. Kent in which he sets forth a most remarkable and thrilling story.

Another is the case of a girl ten years of age, whose home is at 350 Lyon street, this city, and who is said to have been cured of Bright's Disease, by Dodd's Kidney Pills after four physicians had given her less than 24 hours to live.

These wonderful cases are the talk of the town as fall of the parties are well known.

Rev. Mr. B—, passing Deacon R—'s prémises one evening, was greatly horrified at hearing that plous official swearing in the most accomplished manner at his cow, which had inst kicked his milk milk with bed inst kicked his milk milk with the limits of the week ending October 8th some notable changes have taken below the reason of the case of a girl ten year.

CATTLE FOR PROFIT.

Pan-American Model Dairy Notes on Recent Results in Test.

The superior staying powers of the Holsteins are now becoming manifest the cuty is best evidenced by the flost in the butter profit test, beating the city shad for the week ending October 8th some notable changes have taken below the results in the cuty is best with accounts of the case of a girl ten year of a girl ten year of age, whose home is at 350 Lyon street, this city, and who is said to have been cured of Bright's Disease, by Dodd's Kidney Pills after four physicians had given her less than 2 the profit test,

ed Jerseys, \$5.24; Dutch Belted, \$4.07.

For the week ending October 8th some notable changes have taken place. The Holstein herd made a gain over last week, as they are keeping up their flow of milk exceedingly well, but the Jerseys also made a decided spurt and tied the blacks and whites for first place. The Ayrshires are back again to third place, with the Guernseys fourth. Next come the French-Canadians and the Shorthorns, which are both doing good work, and may yet succeed in passing the Guernseys before the close of the Canadian herds would be ahead of the five American herds. The Guernseys obtained such a long lead in the early part of the test that they will doubtless be able to win first prize in the butter profit test, but as one cow is now quite out of the race they would probably be overtaken by some of the other breeds if the test were continued for a few weeks longer. The Brown Swiss cow, Hope of Minnesota, has been very sick during the week, and it was feared that she would not recover, but she is now much better. Her cass is the first in the history of the dairy that it has been necessary to resort to medicine, which goes to show that the history of the dairy that it has been necessary to resort to medicine, which goes to show that the cows have been both carefully and skillfully fed and handled. For this week Beauty of Norval, of the Holstein herd, is the best cow, beating Marshall by five cents. Below is the net profit of each herd for the week ending October 8th: Jerseys, \$7.58; Holsteins, \$7.58; Ayrshires, \$6.97; Guernseys, \$6.66; French Canadians, \$6.38; Shorthorns, \$5.95; Brown Swiss, \$5.85; Red Polled, \$5.63; Polled Jerseys, \$4.93; Dutch Belted, \$3.95.

Minard's Liniment Cures Garget

How He Scored a Bullseye. An English gentleman who has the reputation of being a very bad shot, recently invited some of his friends to dine with him. Before dinner he showed them a target painted on the barn door, with a bullet in the bull's-eye. This he claimed to have shot at 1,000 yards distance. As nobody believed him, he offered to bet the price of an oyster supper on it.

On one of his guests accepting the on one of his guests accepting the wager, he produced two witnesses whose veracity could not be questioned to prove his assertion. As they both said that he had done what he claimed he won the bet. At dinner the loser of the wager asked how his host fluid managed to fire such an excellent shot. The both

I shot the bullet at the door at a distance of 1,000 yards, and then I painted the target round it."
