PROSPECTUS OF THE SCIENTIFIC AMERICAN ELEVENTH YEAR.

The Proprietors of the Scientific American respectfully give notice, that the Eleventh Annual Volume of their Journal will commence on the 16th of September next.

THIS work differs materially from other publications, being an Illustrated Periodical, devoted chiefly to the promulgation of information relating to the various Mechanical and Chemical Arts, Industrial Manufactures, Agriculture, Patents, Inventions, Engineering, Millwork, and all interests which the light of Practical Science is calculated to advance.

The Scientific American is printed once a week, in convenient quarto form for binding, and presents an elegant typographical appearance. Every number contains eight pages of reading, abundantly illustrated with original engravings. All the most valuable patented discoveries are delineated and described in its issues, so that, as respects inventions, it may be justly regarded as an Illustrated Repository, where the inventor may learn, what has been done before him in the same field which he is exploring, and where he may bring to the world a knowledge of his own achievements.

Reports of U. S. Patents granted are also published every week, including Official Copies of the Patent Claims; these Claims are published in the Scientific American in advance of all other papers.

The Contributors to the Scientific American are among the most eminent, scientific, and practical men of the times. The Editorial Department is universally acknowledged to be conducted with great ability and to be distinguished, not only for the excellence and truthfulness of its discussions, but for the fearlessness with which error is combated and false theories are exposed.

Mechanics, Inventors, Engineers, Chemists, Manufacturers, Agriculturists, and people of every profession in life, will find the Scientific American to be of great value in their respective callings. Its counsels and suggestions will save them hundreds of dollars annually, besides affording them a continual source of knowledge, the experience of which is beyond pecuniary estimate.

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF ASTHMA!! OF AN OLD LADY SEVENTY FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 8th October, 1854.

To Professor Holloway, Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood; it was quite agony to see her suffer and hear her cough; I have often declared, that I would give all I possessed to have her cured; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her; at all events I resolved to give them a trial, which I did; the result was marvellous: by slow degrees, my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old. I remain, Sir, Your obliged,

(Signed) THOMAS WESTON.

REMARKABLE CURE OF DROPSY.

AFTER BEING TAPPED THREE TIMES. Copy of a Letter from Anthony Smith, Esq. Halifax, Nova Scotia, dated the 25th August, 1854.

To Professor Holloway, Sir,—I desire to add my testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then, that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health. I am, Sir, Yours sincerely

(Signed) ANTHONY SMITH.

ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT!!

Copy of a Letter from William Reeves, of Charlottetown, Prince Edward Island, dated 17th Nov. 1854.

To Professor Holloway, Sir,—I am happy to say, that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant, (Signed) WILLIAM REEVES.
