Use or PLASTER.—General R. Harmon of Whestland, Monroe county, New York, in a recent communication to the *Chronicle*, says that for the last "twenty years no judicious farmer has thought of sowing clover seed without giving it a dressing of plaster." Clover is not the only crop that requires this dressing ; almost every crop is ben-efitted by being plastered, if matured. The application of one hundred pounds of plaster to an acre of grass will give one-third more grass. Where is the farmer so blind to be own interest as not to apply it? He gives the following drestions for analysis.

FOR THE CURE OF FOR THE CURE OF COUGHS, COLDS, INFLUENZA, Bronchitis, Asthma, Pain in the Sides or Breast, Rhen-matism, Cramp in the Stomech, Spitting of blocd, and ell Lang Complaints. Manufactured by I. S. JOHNSON, Banger, Maine. Da. A. JOHNSON'S AMERICAN ANODYNE LINIMENT, in entrely vegetable preparation, prepared and intended for Internal and External application. The Aventor of this articles was in the constant practice of medicine for 20 years, and by a long course of experiments upon the various diseases for which this Liniment is recom-mended, he became perfectly satisfied of its efficacy, and offers it with full confidence to the afflicted, as the result of his long experience and best efforts. This has long been a standard medicine, and enjoys the sin-gather privilege of being known and patronised by a large portion of the medical Faculty, wherever it has been introduced. With the firm conviction that it is the best remedy of the pre-sent age for all diseases for which it is recommended, the proprietor offers his Liniment to the Public, not doubling that twill astain the high reputation it has already acquired. We do not affirm that this article is a cure for the ten thousand ills humanity is hair to; but let those who are afflicted with the following diseases, try it, and we can assure them, they will and reliof. Inflammation of the Bronchin or Bronchitis, RoseCold, Catarrh, Hard dry Cough, Whooping Cough, Hoarseness and common Cold, Pain and Soreness in the Lungs, Stomach and Sides, caused by lifting or otherwise, Asthma, influenza, for Sore Throat and Weak Lungs, for Chronic Diarrhesa, caused by Rheu-matism in the bowels, for Cramp in the Stomach, for Stranguary, Gravel and Stone, Blind Piles, &c. Externally it will have the most happy effects, in all cases where any other Liniment would be used, especially for Rheu-matic Affections, Chilblains, Chapped Hands and Sore Lips; it is a sovereign remedy for the bitse of fies and other insects. There is nothing of equal efficacy to this for Horses and Oxen where they are carked, cut, bruised, attrained or chafed by the harness, and it possesses more than double the power of any other Liniment. . N Pa CIRCULAR TO THE SICK.

THE FIRST HOSPITAL SUR-THE FIRST HOSPITAL SUR-goos and medical publicits of Europe, admit the unpara-lelled anti-inflammatory and healing properties of this Ointheat; governments sanction its use in their naval and military services ; and the masses in this country and throughout the world repose the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the flery elements which food and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS. These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they inva-ribly disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

KING'S EVIL, FEVER SORES, STIFF

JOINTS. In cases of King's Evil where medicinal water, lotions, and every recipe of the pharmacopoin have proved aseless, the Oint-ment will accomplish a thorough cure. Fever Sores heal quick-ly under its influence, and its relaxing effect upon contracted sinews is traly wonderful.

DISCHARGING ULCERS.

A most remarkable and happy change is produced in the ap-pearance of malignant ulcers, after a few applications of this Ointment. The surrounding redness vanishes, and gradules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer radically cured.

A WORD TO MOTHERS. The young are the most frequent sufferers from ext rises, and therefore every mother should have this head ration constantly at hand. It is an absolute specifi breasts, and quickly removes the encrusted sores wh times disfigure the heads and faces of children.

SIGNIPICANT FACTS. This Ointment is universally used on board the Atlantic an Pacific whaling fleet as a cure for scorbutic affections and as the set possible remedy for wounds and bruisse. Large supplies it have recently been ordered by the Sultan of Tarkey for heap tal purposes.

ULCERS, SORES AND TUMORS. The effect of this unrivalled external remedy upon Scrofoli ad other viralent alcers and sores, is almost miraculous. It for ischarges the poison which produces supparation and prou-lesh, and thus the cares which its healing properties afterware complete are safe as well as permanent.

WOUNDS, BRUISES, BURNS AND SCALDS. In cases of the fracture of the bone, injuries caused by steam explosions, Braises, Barns, calds, Kheumalism, stiffness of the Joints, and contraction of the sinews, it is employed and warmly recommended by its investor into all the leading Heminika of Ex-
