WORLD'S DEBT TO CANADA

A Wonderful Achievement

Discovery of "Fruit-a-tives" meant health for all

Canada's fame does not rest solely on her furs and wheat fields. Her rise in the esteem of the world is not due to her Colalt mines. It is the work of her great men that has made her great. A graduate of McGill University has won lasting renown for his original researches in the realm of physics.

Everyone knows that fruit is wholesome, when eaten judiciously. Physicians generally recognize the fact that fruit juices have a beneficial effect on the various organs of the body.

It remained for a Canadian physician to discover a process whereby the medicinal action of fruit could be so increased as to make the intensified juices a wonderful cure.

"Fruit-a-tives" is this combination of fruit juices and tonics. Since its introduction to the public, "Fruit-a-tives" has met with a success accorded to no other medicine in the world. The reason is plain. "Fruit-a-tives" is the one remedy that is actually made of fruit, and is the only remedy that naturally cures Constipation, Biliousness, Indigestion, Headaches, Rheumatism, Neuralgia, Backache, Kidney and Skin Troubles. At all dealers at special prices of 25c, 50c, or trial size, 25c, or from Fruit-a-tives Limited, Ottawa.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any man over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader good standing may pre-empt a quarter section. Price \$3.00 per acre. Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent and cultivate fifty acres extra).

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. Cory,
Deputy of the Minister of the Interior.

Campbellton Graphic Oct. 7. DISAGREABLE DAY

Sunday last was a most disheartening day for the homeless here. It was bitterly cold, and it rained all day.

MOVING IN

Twenty of the cottages erected to shelter the homeless, have been completed and families are now occupying them.

CALLING N TENTS

The relief committee have issued a call for the return of all the military blankets issued after the fire. A large number have already been collected.

PLASTERERS NEEDED

A large number of dwelling houses are completed up to the plastering, but it is impossible to get plasterers enough to do the work.

WATER FOWL

Geese, brant and ducks abound about Pointe a La Gardie, and some are being shot, although the weather has been too fine to drive the birds in shore.

ASSAULT CASE

James Teed has laid information against Policeman Harris, accusing him of assaulting him. The case was up before Judge Matheson, Wednesday, and created much interest. It was adjourned until Saturday, Oct. 8.

MORE FEVER PATIENTS

A number of new cases of typhoid have developed this week. Two young men from St. John working with contractors here were obliged to go to their homes and there went to the hospital with severe cases of typhoid. Besides these there are several new patients.

MOOSE NEAR TRACK

Three splendid specimens of the lordly moose were seen by passengers of the Limited on Thursday between Dalhousie Junction and Eel River. Moose are reported very plentiful. A number of sportsmen with guides have left Dalhousie for the big game haunts.

ONE CONVICTION

The police have been quite active in regard to illegal selling of liquor. Four informations have been laid, and one conviction, with a fine of \$102.50 secured. As there are so many strange men in town, it is difficult to secure witnesses. When some are summoned, they usually get out of town before the case comes up.

MUCH DRUNKENNESS

There were many drunks about on Sunday. It is claimed that a large number of men went to Dalhousie, Saturday night and purchased the liquor there and brought it here for their friends. The inspector of the Shiretown should get busy and see that the bars are closed Saturday at the prescribed time.

PLEASE STOP IT

The GRAPHIC believes that the various contractors should be allowed every latitude to facilitate them in rushing their contracts, but it does not think it proper that they should use the pavement as a mixing board for cement, and oblige pedestrians to walk in the muddy street.

NOVEL WEDDING

A novel wedding took place in a tent here Sunday evening. Two young people wished to get married. The date was set for Monday, but, as the groom and the witnesses are working every day and did not feel like losing valuable time for such a trifling matter as getting married, persuaded Rev. Mr. Morris to perform the ceremony in a tent Sunday evening. At the appointed time the wedding party assembled and the service performed.

FUNERAL

All that was mortal of George D. Barberie, was laid to rest in the cemetery at Dalhousie, Sept. 30th. The impressive and time-honored service of the Church of England, was held in St. Mary's, which was well filled with relations and friends. The choir, with Mrs. Storer at the organ, rendered very effectively Cramer's anthem, "Abide With Me." Mrs. Pettis and Mrs. Spence sang with much feeling. The burial parts and Mr. Coleman were the officiating clergyman.

E. A. O'Donnell, Esq., is in Newcastle this week.

Mr. Robert Sweet spent a few days in Newcastle this week.

Mrs. Joseph Stevens of Newcastle spent a few days in town last week.

Mr. Fabes, representing Messrs. Lyman, Knox Company of Montreal, was in town Thursday.

Mr. Willie Mott leaves Saturday night for the west. He will go right through to Vancouver, where he will reside for some time.

Miss DeCoevont has gone to Montreal for the winter, where she will continue her musical studies at McGill Conservatorium.

H. C. Reid, Esq., of Sackville was in town Wednesday looking over the plans and specifications for the new post office, and he will likely be a tenderer for the work.

Mr. John Bateman, of New York visited his former home at Dalhousie this week. He was called home by the serious illness of his father. He returned to New York Thursday.

WET AND FOGGY

For the past three days the weather has been very wet and foggy, although not cold, and this has interfered with outside work.

RAN AGROUND

The steamer O. K. Knudsen which loaded deals at the government wharf ran aground on the Traverse bar, Sunday night. She was drawing about 24 feet of water.

IN NEW QUARTERS

Mr. Louis Cyr has resumed his barber business in his new building, opposite the Graphic office, where his friends will be able to have their wants attended to.

NEW DUMPING GROUND

The Town Council, after a long, and for a time, almost hopeless search, has at last secured an excellent site for a dumping ground, a few yards from the former grounds, a short distance east of the mill creek bridge, and appointed Mr. Wm. Demeau, scavenger, for the town and granted him a license for the work. Town men are fixing the place up, which will be ready by Saturday. All persons requiring refuse material hauled away, (and that is pretty nearly everybody) should apply at once to Mr. Demeau without delay. The Board of Health should now get busy and see that the necessary cleaning up of premises is attended to at once.

Sealed tenders addressed to the undersigned and endorsed "Tender for Breakwater at Great Salmon River, N. B.," will be received at this office until 4.00 P. M., on Tuesday, Oct. 18, 1910, for the construction of a Breakwater at Great Salmon River, St. John County, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department, at the offices of E. T. P. Shewen, Esq., District Engineer, St. John, N. B.; Geoffrey Stead, Esq., District Engineer, Chatham, N. B. and on application to the Postmaster at Salmon River, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for the sum of fifteen hundred (\$1,500.00), which will be forfeited if the persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. O. DESBROCHERS,
Secretary.

Department of Public Works,
Ottawa, September 17, 1910.

Newspapers will not be published for an advertisement if they insert it without authority from the Department, Sept. 27-28.

Always buy a **Gendron** CANADA

it's all right

Here's a **GENDRON** collapsible Go-cart that's right from top to tire because it's built right here in Canada. Can be used as bed or seat—has a reclining back adjustable to four positions. Hood, body and dash of Leatherette—tubular steel handles, nickel-plated—a Go-cart made to endure. A mighty handy cart for you and comfy for baby.
