To Consumers of Gas

"On March 25th the City Council passed the following Resolution:

'That the Public Utilities Commission be notified to discontinue the operation of the Civic Gas Plant for the sale and distribution of gas on and after the 15th June, 1919, and that the Commission be requested to serve notice of such discontinuance upon the customers served by the said Gas Plant so that they may make other arrangements before that date.'

'In accordance with this Resolution the supply of gas from the City Gas Plant will be discontinued on June 15, 1919,

Handling Wool Co-operatively

(1) Grading Wool in Alberta. (2) Sheep on an Irrigated Farm

IGHT years ago, after thoroughly investigating the sheep industry in Canada, the sheep sioners regretfully stated: "From shearing to marketing no country in

commission intimated that the way it was anticipated that all would be the average brought a much higher was open to find a remedy for the trouble. It was soon after this that the Canadian Department of Agriculture o

manner than Canada. As far as the ing 1919, no less than 2,500,000 seedy and doad, with her grade wool of mutton breeds and cross pounds of wool had been sold up to wool, was not appreciated, and result-breeds go, we do not know of any the end of August, 1918. due to the country where it is handled in such associations in the various provinces farmers and a serious wastage of a an unsatisfactory way and delivered nulling together. After that amount in such bad condition."

Having reached this conclusion, the tity of wool remained in storage, but under the co-operative system has on

ture was organized, and by 1914 the actual service proved the revolution raiser, as evidenced by the increas-work of applying the remedy had be izing factor in the wool industry in ing number of Manitoba patrons. and in classifying it. During 1914, was sold in bulk for what it would 1914, as follows: the first year of the work; 206,129 bring. To-day, under the team-work pounds were graded for societies or plan, the wool is sorted and inspected, No. conganized in Quebec, Ontario, Manitoba grade values becoming apparent, and Alberta. The following year, sheepraisers are learning more and through 19 organizations distributed more to recognize the importance of 1915....318 150,328 over Canada, 420,000 pounds were care in selection, industry in keeping, 1916....487

cultar war conditions, that Martin Burrell, then Minister of Agriculture, recognizing the importance of centralizing the sale of wool, and the advantages that must accrue from having one centre of operation, sanctioned the rental of suitable premises in Toronto, for the storage of the wool of the various associations where this would be graded by the wool expects of the live stock branch, and shipped out when purchased. This led to the extra step of 1918 in the long time of the Go-Operative Wool Growers Limited as the central agency for the disposal of wool shipped at a flat general of the central agency for the disposal of wool shipped out when purchased. This agency for the disposal of wool shipped at a flat general target of the conditions and the conditions and the conditions are the prevente of the sheepowner agency for the disposal of wool shipped was sold at a flat general of the greatest business. The Southern Saskatchewan Wool Gowers' Association, handled eight and one-half carloads, 1917, 170,000 pounds, 1918, 363,000 pounds, pounds, 1918 ped in and collected from all parts of years, when wool was sold at a flat agencies did by far the greatest busi-
