

COUNTY CURRENCY.

Newsletters from Correspondents, and Other Items.

A Weekly Digest of the County News served up to suit Readers, of "The Signal," Fifth and Point, Clipped and Condensed from Every Section.

Wm Bishop, of Grey, has the lead on the tall barley question at present, having a sample 5 feet 6 inches long. Teasdale-Whitford comes next with 5 feet 1 inch.

Lorne Hunter, of Brussels, is putting in his vacation with his grandfather, Frank Hunter. Lorne has lately completed a full term in Boulogne's celebrated stenographic institution, of Toronto, receiving a diploma.

The R. C. Church, Wingham, was more than crowded on Sunday week, morning and evening; in fact, in the morning several had to leave, not being able to get inside. The occasion was the blessing of a new altar, a magnificent piece of furniture, which was lately put in the church at a cost of \$175. The collections, however, were very satisfactory, being considerably more than the cost of the altar.

B. Willson, Esq., manager of the Wingham branch of the bank of Hamilton, and his father, Cronwell Willson, Esq., have left per C. P. R. for a trip to British Columbia, San Francisco and other parts. We wish them a pleasant trip and safe return. Mr Stewart, of Cayuga, Haldimand Co., will take the place of Mr Willson at the bank during his absence.

Many of the friends in this county of Mr Walter Govenlock, formerly of Grey, but now of Neepawa, Manitoba, will deeply sympathize with him on account of the very severe bereavement he has lately been called on to bear. Mr James B. Govenlock, writing from Neepawa on the 23rd of June, says: "Once more with sorrow I try to let you know that another of our dear ones has been called away. This time being Annie Rebecca, youngest daughter of Mr Walter Govenlock, formerly of Grey township, aged six years and eight months. That terrible disease, diphtheria, was the cause. She only lasted two days. It was the worst kind, turning black. She was just a month and three weeks behind her mother. One of the boys had an attack of it also but seems to be past all danger now. Quite a number of young people in the vicinity of Neepawa have died inside of a few months."

Mr John McMann, of Seaford, shipped sixteen very fine horses to Detroit on Monday of last week. He has also since then sold a span of grays weighing 3,000 pounds, to a gentleman in Sarnia. One of these horses was purchased on the London road, near Granton, and the other in Ashfield. He also sold a span of bays, weighing 2,800 pounds, to a gentleman in Goderich Township. Some idea of the business being done by Mr McMann may be gained, when we say that during two weeks of the last month he sold 42 horses, which cost considerably over \$6,000, and they were all purchased in this vicinity. He has also sold 32 three-year-olds this spring out of his stable.

Mr J. J. Anderson returned to Wingham on Thursday of last week. The boys are busy "breaking" in the west. Mr Anderson has refused a nice little fortune for his recently acquired property near Melita, Man.

Conductor Bailie has been on the G. T. R. since 1855 instead of '65, thus indicating his term to be ten years less than it was. He has been over thirty three years a conductor.

A little boy, about ten years of age, son of Mr John Robinson, of Turnberry, was playing with other boys when going home from school one day last week, and was thrown down, the result being a broken arm.

Mr and Mrs J. Thorrington, of Denver, Colorado, are guests at the residence of Mr W. J. Chapman, Wingham. Mr Thorrington left Wingham about ten years ago, previous to which he was proprietor of what is now Brennan & Co's tannery.

The well known imported stallion, "Prince of Kelton," the property of the Messrs Watson, of the 16th con. of Grey, died on Wednesday, the 3rd inst. He was a good horse, and his death will be a heavy loss to his owners.

A by-law will be voted on in Wingham on Monday, 22nd inst., for granting a sum of \$3,000 for the erection of a new town hall. This is something that is badly needed.

Rev P. Wright, B.D. Stratford, has accepted a call to Portage La Prairie, Man.

There were registered in McKillop for the last six months 30 births, 20 deaths and 6 marriages. The number of marriages seems to be out of fair proportion to the births and deaths. What are the young men of McKillop doing? They must brush up.

A rather severe accident happened the week before last at the raising of Mr Geo. Stephenson's barns, Kinburn. Three men were up on the building, and were pulling up the end of an over-plate with a chain, when the men on the other end of the plate gave a sudden jerk, causing the first named to lose his balance and fall to the ground. One of them Mr Alexander McMichael, son of Mr Robt. McMichael, of McKillop, got his ankle dislocated, and received such other injuries as will lay him up for a while. The other men who fell escaped uninjured, but it is a wonder they were not all seriously hurt.

Alf Langdale has gone to Kemble, Grey county, having completed his term of apprenticeship with W. T. Hunter, of Brussels.

Mr Wm Cameron, of the 13th con., McKillop, recently pulled several stalks from a patch of spring wheat growing on his farm, which measured four feet and a half in length. The seed for this wheat Mr Cameron purchased from Mr Robert Scott, seedman, Seaford, and it is called "Colorado Spring Wheat." Mr Cameron says that it is even a crop as he ever saw, and if it matures properly it will yield over forty bushels to the acre.

Mr J. B. Ferguson, town clerk of Wingham, has in his office a sample of oats received from Mr Wm Pomeroy, late of Wroster, now of Louisiana. The sample is over six feet in length and was pulled early in June. The grower said it was a fair sample of a 15 acre field.

A young lad named Gordie Moir, Wingham, whose hopes, aspirations and appetite are mainly indulged on the streets, was found on Tuesday of last week lying near a fence, supposed to be affected with the heat of the sun, and was treated accordingly for some time. He then stated that some one had been testing his resting powers as to tobacco and liquor. Shame!

Mr Peter Scott, from near Teeswater, has a specimen of rye which eclipses anything seen this season. It measured 6 feet 9 inches.

For his handsome and well-bred two year old mare, "Instinct," H. Meyer, Wingham, has been offered \$400 by a knowing horseman.

W. J. Young, M. D., formerly of Wingham, has "struck it rich" in British Columbia, having received the appointment of surgeon to the Union mine at Comox, Vancouver Island, B. C.

Allan S. McLean, a Seaford boy, won a silver cup as a prize at the athletic sports in connection with the Reform demonstration at Toronto on the 29th ult.

Mrs W. G. Broadfoot, of Tuckersmith, who was laid up for several weeks with a severe attack of inflammatory rheumatism, is again sufficiently recovered to be able to come to town.

Special Announcement.

We have made arrangements with Dr B. J. Kendall Co., publishers of "A Treatise on the Horse and his Diseases," which will enable all our subscribers to obtain a copy of that valuable work free by sending their address (enclosing a two-cent stamp for mailing same) to Dr B. J. Kendall Co., ESDENBURGH FALLS, VT. This book is now recognized as standard authority upon all diseases of the horse, as its phenomenal sale attests, over four million copies having been sold in the past ten years, a sale never before reached by any publication in the same period of time. We feel confident that our patrons will appreciate the work, and be able to avail themselves of this opportunity of obtaining a valuable book.

It is necessary that you mention this paper in sending for the "Treatise." This offer will remain open for only a short time.

Mr Chas Greb, Zurich, is repairing his hotel and had the roof taken off preparatory to having it replaced by a new one, when, on Tuesday afternoon of last week, one of the heaviest rains ever seen in this vicinity poured down for about an hour. The rain penetrated through the ceilings and floors of the unroofed building in streams, doing a great amount of damage, not only to the plaster and floors, but to carpets, curtains and furniture in the hotel. The loss will be considerable.

"There was a frog who lived in a spring. He caught such a cold he could not sing."

Poor, unfortunate Batrachian! In what a plight he must have been. And yet his misfortune was one that often befalls singers. Many a once tuneful voice among those who belong to the "genus homo" is utterly quenched by "cold in the head," or on the lungs, or both combined. For the above mentioned "croaker" we are not aware that any remedy was ever devised; but we rejoice to know that all human singers may keep their heads clear and throats open by the timely use of Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery, both of which are sold by druggists.

Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh in the Head, no matter of how long standing, while for all laryngeal, bronchial, throat and lung affections, Dr. Pierce's Golden Medical Discovery is positively unequalled. It cures the worst lingering coughs and builds up the flesh and strength of those who have been reduced by wasting diseases. It is guaranteed to benefit or cure in all diseases for which it is recommended, if taken in time and given a fair trial, or money paid for it refunded.

Copyright, 1888, by WORLD'S DIS. MED. ASS'N.

Dr. PIERCE'S PELLETS regulate and cleanse the liver, stomach and bowels. They are purely vegetable and perfectly harmless. One a Day. Sold by druggists. 25 cents a vial.

\$200 REWARD.

I hereby offer a reward of \$200 for information leading to the apprehension and conviction of the person or persons who endeavored, on the evening of July 9th, to set fire to the barn of the Exchange Hotel, Dunlop. The materials used for the purpose of causing the intended conflagration are in my possession, for purposes of identification.

EPPE'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack us whenever there is a weak point. We ourselves have fortified with pure blood and a properly nourished frame."—"Civil Service Gazette."

Made simply with boiling water or milk. Sold only in packets by grocers, labelled thus: JAMES EPPE & Co., Homoeopathic Chemists, London, England.
