FARMERS LISTEN TO SPECIALIS

Seed Grain Exhibit Closed by dresses From Hon. Mr. Finls

and Others. (Saturday's Daily.) The annual seed fair of the cona branch of the Alberta Farme sociation was concluded vesterda noon by a very successful public ing held in Mechanics Hall, Third The large hall was well filled with mers and others interested in the tion of seed grain and the best n of selcting it. Interesting and pra addresses were delivered by F. H. bert, president of the Association W. T. Finlay, minister of Agricu W. C. McKillican of the Dominion Branch at Calgary, and Geo. H.

ton of the Dominion experimenta F. H. Herbert, president of the St cona branch of the Alberta Farmers sociation, who acted as chairma the meeting, welcomed the large ience who attended to hear the spec and discussions on farm topics, par larly with reference to seed grain. Seed Fair this year had been fairly cessful and he hoped the exhib were well satisfied with the decisio the judges. He invited the farmers sent to look into the aims and obj of the Alberta Farmers' Association he believed it would be to their inter

to join this Association. Minister of Agriculture Speaks. Hon. W. T. Finlay, Minister of culture, expressed the pleasure h at being present at this annual seed of the Edmonton farmers. The clim conditions had been somewhat unfa able to the farmers during the past but it was being counteracted fine weather of the present winter. Mr. Finlay touched the endeavor the government to provide the farm with a sufficient quantity of seed gr They had secured the co-operation of Dominion government in this work the latter had arranged to supply farmers of Alberta with seed. might be obtained by the farmers appling to the secretary of their local provement district who would forw e application to the central office Edmonton. Farmers might also ap for seed grain to their post master, I agent, the mounted police or homest agents. Each farmer could secure more than 50 bushels of seed barley not more than 200 bushels of any of

The minister of Agriculture then mareference to the work done last year the Stock judging schools. Instead repeating these this year the Depa ment of Agriculture decided that would be more beneficial to have gre judging schools. This had proved successful and had resulted in practical benefit to the farmers of province. The school would be in monton next week and he hoped the mers would take advantage of the

portunities offered to gain information The Government Creameries. He also touched briefly on the work the government in connection with ge criment creameries. There were now government creameries in Alberta w 1267 patrons. During the year 1907 the had been manufactured 653,208 poun of butter which were sold for \$151,290. During the first four months of the yethe butter had been sold at 27 cen and 722 mills per pound. The price the next four months was 21 cents a 911 mills per pound. In the last for months of the year the butter had so t 24 cents and 889 mills per pour The average selling price per pound the butter was 23 cents and 921 mills

nearly 24 cents. During the next year the Departme of Agriculture hoped for a large increase in the number of patrons of these go ernment creameries. They also expecte to realize more for their butter. We equipped cold storage plants had been e tablished in the province so that the butter might be stored when the price was low. During the past year butter had been shipped to Japan, the Yukor United States and other places. In order aid the government creameries the were laboring under a load of debts the government had made an appropriation

Enquiring Into Packing Plant. The Department of Agriculture wer also enquiring into the matter of government pork and beef packing plants. Thi an important question and one i which it was necessary for them to mov the best machinery possible would I used and the most competent and ex perienced men employed in order government might successfully com pete with other packing plants.
In conclusion Mr. Finlay complim ed the Strathcona branch of the A. F. A in the success of their Seed Fair and wished them all possible success in fu

W. C. McKillican Speaks. W. C. McKillican of the Dominic Seed Branch at Calgary stated that this was the third occasion that he had been present at a Seed Fair in Edmonton and he congratulated the Association on th uniform excellence of the fairs he here. The fair this year was no excep tion to that of former years in spite the unfavorable weather conditions the past summer. He commended the Strathcona branch of the Alberta Far mers' Association on the energetic and progressive spirit displayed in being the only branch of that organization to ho One benefit of the seed fairs and or that was being taken advantage of more and more each year was the or

portunity given to the farmers to b and sell seed grain. Referring to the seed grain judging Mr. McKillican gave reasons why the judges had arrived at the decisions as nounced. In the wheat, the grain some cases was slightly smutty and co trined some weed seed. In long oat there were some very good exhibit Some exhibits were barred on account their being mixed with wild oats. Bar ley and mustard seed was also mixe with some of the oats. In barley the were some very good samples. The 190 exhibits bore evidences of having be or less frosted as was expect Some of the grain that took first pris
