Another Purge Needed

The handwriting is on the wall, and the days of the Morris administration are numbered. For senseless increases, pensioning men to create jobs, increasing the number of useless civil servants, lavish gifts-out to political supporters, and wild extravagance, the Morris Government now occupies a place entirely its own. The visits to London, Washington and the Hague of Sir Edward Morris have eaten up nearly \$10,000. Hon. D. Morison has drawn even more from his office and the Hague Arbitration. Hon. M. P. Gibbs is on the list. Hon. C. H. Emerson is in receipt of good things. The firm to which Hon. J. C. Crosbie belongs has made fat contracts. For the past two years Messrs. Seymour, Downey and Devereaux have been in a class by themselves and have drawn in one way or another thousands of dollars. Mr. Goodison has been looked after in the way of arbitration. Almost the whole of the twenty-six men who sit on the Government side of the House of Assembly have been provided for in the way of timberlands, commissions, arbitrations, salaries, supplies or in some other way in which there is a valuable consideration, and all on a scale of extravagance unparalleled previously. Talk of Carter's Purge. It is high time Bond administered a Purge on the body politic.

POLICE COURT NEWS.

To-day, Abner Green, Abraham Pinhorn and Peter Parrott, seafarers of Scilly Cove, T. B. were before this court. These were the men who tripped and kicked officers Tobin and Sheppard last night, the attack being unprovoked. Tobin was badly cut about the face by the kicks received and Hd. Sheppard whose health is not of the best, was also kicked and hurt. This conduct is the exception on the whole with our fishermen and these three received the penalty they well deserved. The first named was fined \$20 or 30 days, the second \$40 or 2 months and the last named, \$30 or 50 days.

In the matter of Capt. Winsor vs. H. W. LeMessurier for the recovery of 22 beaver skins worth \$2.25 each and a claim for \$50 damages for their retention. Judgment went for plaintiff, for the retention of the skins and a brief fee of \$5 for counsel, Mr. Blackwood; Mr. McNeilly, K.C., for defendant.

Another Successful Year for Canada Life.

The sixty-fourth annual statement of the Canada Life Assurance Company appearing in this issue is evidence that the Company enjoyed in 1910 another successful year. In the essential features that represent safe and sound progress the year has been a record one. The surplus earned last year amounted to \$1,233,163.00, the greatest in the Company's history of 64 years. The assets have more than doubled during the past twelve years, and now reach the immense sum of \$40,820,856.00. The new paid-up business amounted to \$10,838,384.00, making the total business in force \$128,274,973.00. The payments to Policy holders during the year reached the immense sum of over \$4,789,000.00, which, as the report shows, is larger by over one and a half millions of dollars than the payments made in any previous year. The profits alone which were allotted to Policy holders in 1910 amounted to over \$2,000,000. The expense ratio for the year was again decreased, the interest earnings were higher and the rate of mortality lower. All gains along these lines should be of particular interest to Policy holders for these form the elements of surplus from which their profits are derived. Such a splendid showing is highly creditable to the management of the Canada Life, and indicates that the business is conducted along economical lines, that the funds of the Company are invested in carefully selected securities, and that reasonable discrimination is used in accepting insurance risks. The reports of the Canada Life issued from year to year show that the most satisfactory results are obtained by their adherence to these particular principles. The Canada Life has the largest insurance business in Newfoundland. Mr. C. A. C. Bruce being the manager for the Company in this Colony.

Canon Dunfield Dead.

It is our sad duty to chronicle the demise of Canon Dunfield, which took place at St. Thomas's Rectory, at 2.15 this afternoon. The news will come as a shock to citizens generally, few of whom knew that the Canon was so near his end. The deceased was highly respected by all denominations and much beloved by his own people, especially the young for whom he always had a cheery word and a happy smile. For a number of years the reverend gentleman was incumbent of Trinity, where his ministerial labors are well remembered. For the past 29 years he has labored in St. Thomas's Parish, 16 years with Canon Wood, and for the last 15 years as Rector. To his wife and family and spiritual flock we tender our deep sympathy.
