At the City Hall.

The Council's weekly session was held yesterday afternoon.

A letter was received from Solicitor Morris, who advised Council to appoint an arbitrator to deal with a claim of the Trustees of Cochrane St. Church. The Mayor will make the appointment.

Jas. Ellis, Southside, asked Council to remove galleries near his residence. Under consideration.

St. Andrew's Church Trustees are ready to construct iron railing, already referred to and request that Council make repairs to retaining wall as promised.

Engineer ordered to prepare specifications for tenders.

Coun. Mullaly complained that St. Andrew's Trustees had been treated with discourtesy. The Secretary explained matters satisfactorily.

The sewer for Walsh's Square, so frequently asked for by Mr. T. Hallett, will be attended to.

J. W. Morris, Supt. of R. N. Co's electrical works, offered to install four lights in Bannerman Park, at \$4.50 per month for lighting, if the city paid \$85 for installation or if the Reid Co. paid for installation, the charge to be \$6 per month. Under consideration.

Unnumbered houses on Leslie St. were complained of by J. C. Pratt. Will be looked after.

Coun. Martin asked for a light for corner of Donnelly Street and Pennewell Road. Referred to Lighting Committee.

A communication received from Solicitor Gibbs, stated the hardships imposed on cabmen who are compelled to wear badges in their hats at weddings, etc., also making them light their carriage lamps at sunset and until sunrise. Council will meet a deputation of cabmen on Thursday next. Councillor Ryan stated that Portugal Cove cabmen should not be allowed to ply for hire if they were exempt from taxes. The Council's Bailiff will be instructed to take action.

Coun. Mullaly asked for the erection of a light at the North Battery. It was a dangerous locality at night time. The Mayor retorted that an application should come from the people and not through an individual. Coun. Mullaly then intimated that he would get the petition signed. Coun. Mullaly moved that hose for sprinkling premises be not used on Water Street after 8.30 a.m. and also that permission be given to use them from 1.15 p.m. to 2.15 p.m. daily. Deferred to next meeting.

Tenders for installing sewerage for houses on Cabot Street, Sebastian and Central Streets, were opened and Walls & Co. were given the contracts. Water and Sewerage will be laid on Bannerman Street.

With the passing of pay rolls and bills, the meeting adjourned.

Quite Simple.

The Bishop of Richmond once told this story about his father.

He was a farmer, and one year he took it into his head to grow fax, so he sowed the seed, and, having a good crop, he sent it away to be made into a tablecloth.

Some time later, when seated at dinner, he remarked to a lady near him: "I grew this tablecloth myself."

"Did you really?" she answered, apparently much astonished. After a momentary pause she asked the rather fatuous question: "How did you manage it?"

It was plain from her tone that she had no idea how tablecloths came into existence, so the old farmer lowered his voice mysteriously as he replied: "If you'll promise not to tell anyone, I'll tell you."

The lady promised eagerly.

"Well," proceeded the farmer, still in the same mysterious tone, "I planted a napkin!"

"LIKE MAGIC"

New Food Makes Wonderful Changes.

When a man has suffered from dyspepsia so many years that he can't remember when he had a natural appetite at dinner hits on a way out of trouble he may be excused for saying "it acts like magic."

When it is a simple, wholesome food instead of any one of a large number of so-called remedies in the form of drugs, he is more than ever likely to feel as though a sort of miracle has been performed.

A Western man, in the delight of restored digestion, puts it in this way:

"Like magic, fittingly describes the manner in which Grape-Nuts relieved me of poor digestion, coated tongue and loss of appetite, of many years standing."

"I tried about every medicine that was recommended to me, without relief. Then I tried Grape-Nuts on the suggestion of a friend. By the time I had finished the fourth package, my stomach was all right, and for the past two months, I have been eating with a relish, anything set before me. That is something I had been unable to do previously for years."

"I am stronger than ever and I consider the success of Grape-Nuts on a weak stomach as something really wonderful. It builds up the entire body as well as the brain and nerves."

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.
