

THE TIGER

is one of the most destructive of animals, and is a source of much danger to life.

Sunlight Soap

preserves and lengthens the life of your clothes, but it is a source of destruction to all dirt and uncleanness. The amount of destruction wrought by a tiger in a single night, cannot be compared to the amount of destruction wrought by inferior soap in a single wash-day.

SUNLIGHT SOAP is an absolutely pure Soap, that saves your clothes, time, money, and labour.

The Governor, Newfoundland:

LONDON, March 19.

The French Government reports that Zeppelins dropped bombs on Calais. Seven railway employees were killed. No serious damage. The Belgian Army continues progress on the Yser. Elsewhere artillery duels. Some further progress in Champagne.

The Russian Government reports five guns captured in Northern Poland. No change in Carpathians or Galicia.

HARCOURT.

DARDANELLES RUMORS.

LONDON, March 19.

Accurate fire of German gunners, who are working great Krupp guns in the Turkish forts on the Dardanelles, has caused a cessation of the concentrated bombardment on the Turkish forts by the Anglo-French fleet, according to despatches from Athens. A report emanating from Constantinople that the French battleship Bouvet had been sunk by Turkish forces was discounted in Admiralty circles, but no official statement had been issued up to noon.

THREE BATTLESHIPS LOST.

LONDON, March 19.

The Admiralty announces that the British battleships Irresistible and Ocean have been sunk. No particulars are given. Both ships were operating in the Dardanelles. The Admiralty announces that the French battleship Bouvet also was blown up by a mine in the Dardanelles and sunk, and that virtually her entire crew was lost. The Admiralty statement adds that the battleships Queen and Implacable have been despatched from England to replace the lost British ships. The Ocean struck a drifting mine, and the Admiralty believes that the Irresistible probably met with a like disaster. It is announced that operations against the Dardanelles are continuing. Both the Irresistible and Ocean recently have been engaged in operations against the Dardanelles.

THE 'INFLEXIBLE' HIT.

BERLIN, March 19.

A despatch on Friday says, the Irresistible had been put out of action and that another battleship had been seriously damaged in fighting in the waterway. The Admiralty statement says that the British losses among the personnel of the ships, were

not heavy, considering the scale of operations. The British battle cruiser Inflexible had been hit by a heavy shell and will need repairs. The Irresistible left the battle line listing heavily, according to report. Vice-Admiral Carden, who is ill, has been succeeded in command at the Dardanelles by Rear-Admiral de Robeck.

TORPEDOED BUT REACHES PORT

LONDON, March 19.

The Glasgow steamer Hyndford was torpedoed off Eastbourne in the English Channel last night by a German submarine. One man of the crew was lost, but the vessel managed to make port, arriving at Deal to-day.

KARLSRUHE SUNK AGAIN.

LONDON, March 19.

The British Admiralty announced to-night that there is every reason to believe that the German cruiser Karlsruhe was sunk in the neighborhood of the West Indies at the beginning of November, and that those of her crew who were rescued reached Germany early in December on the steamer Rio Grande, which had been acting in concert with the Karlsruhe.

STORY OF BOMBARDMENT.

LONDON, March 19.

The Admiralty to-night gave out the following statement regarding the operations in the Dardanelles: Minesweeping has been in progress during the last ten days inside the Straits. A general attack was delivered by the British and French fleets yesterday (Thursday) morning. At 1.45 a.m. the Queen Elizabeth, Inflexible, Agamemnon and Lord Nelson bombarded Forts J.L.T.U. and V, while the Triumph and Prince George fired at batteries F, E, and H. Heavy fire was opened on ships from howitzers and field guns. At 12.32 o'clock the French squadron, consisting of the Suffren, Gaulois, Charlemagne and Bouvet advanced up the Dardanelles and engaged the forts at closer range. Forts J, U, F, and E, replied strongly. Their fire was silenced by ten battleships inside the Straits, all the ships being hit several times during this part of the action. By 1.25 p.m. all the forts had ceased firing. The Vengeance, Irresistible, Albion, Ocean, Swiftsure and Majestic advanced to relieve the six old battleships inside the Straits. As the French squadron, which had engaged the forts in most brilliant fashion, was passing out, the Bouvet was blown up by a drifting mine. She sank in 36 fathoms, north of Arakio village in less than three minutes. At 2.35 p.m. relief battleships renewed attack on the forts which again opened fire. Attack on the forts was maintained, while operations of mine sweepers continued. At 4.09 p.m. the Irresistible quitted the line, listing heavily, and 5.50 o'clock sank, having probably struck drifting

mine. At 6.05 o'clock the Ocean also having struck a mine sank. Both vessels sank in deep water, practically the whole of their crews having been rescued safely under hot fire. The Gaulois was damaged by gunfire. The Inflexible had her forward control position hit by heavy shell, which requires repairs. Bombardment of forts and mine sweeping operations terminated when darkness fell. Damage to forts effected by the prolonged direct fire of very powerful forces employed, cannot yet be estimated and further reports will follow. Loss of ships was caused by mines drifting with current, which were encountered in areas hitherto swept clear of this danger will require special treatment.

Laxative for Old People--"Cascarets"

Salts, Calomel and Pills act on Liver and Bowels like pepper acts in Nostrils--Danger!

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

Coming Theatricals

There was a very large attendance at the Rosaley West End Theatre last night, the pictures are delightful, the best that can be had from the leading firms. The feature Vitaphone with Clara Kimball Young, Earl Williams, Leah Baird, Maurice Costello, Norma Talmage, Flora Finch, Van Dyke Brook, John Bunny and others is simply a work of art. On Monday Mr. Rosaley will show some beautiful scenes of Edinburgh, in and around the famous castle, Holyrood Castle, the Forth Bridge, the largest railway station in the world, Sir Walter Scott's Monument, St. Giles Cathedral, Arthur's Seat, Princess St. Canton Hill and many other historical points, through the kindness of Ayre and Sons.

Pathe Artists Play "Black Princess"

Be Sure and See it To-Day.

The Nickel Theatre presented another first class show last evening which ranked among the highest ever seen in the city. The principal film "The Black Princess," which is in three reels, was of the greatest interest. This picture had a wonderful run in Paris, London and New York when first shown there. It has been pronounced one of the best works of the Pathe artists. Make an effort to attend this evening if you were not present yesterday, as it is a splendid story.

"The Mutual Weekly" was full of interesting events, covering the old and new worlds.

"At His Expense" is a dainty comedy drama, and "Mrs. Maloney's Fortune" is a rollicking comedy. A goodly amount must be realized, and this can be done by patrons attending every change. By attending you see a good show and also help on the good work. Saturday night is always a good time to take in the Nickel; go this evening, and enjoy the entertainment.

Finger-marks on doors can be removed easily by using a clean piece of flannel dipped in kerosene; then wipe them with a cloth wrung out of hot water. This destroys the smell of kerosene.

If a candle won't fit, don't cut the candle, or burn it in the flame, dip the end in hot water for a few moments. This will soften the wax, and you can easily mould it to fit the candlestick.

Pieces of dry bread and toast should be kept in a covered jar until you are ready to use them. Dry bread and toast can be used for a score of things and odd bits should never be thrown away.

To take out machine oil spots, tack a piece of cotton-wool over the spot. Leave it on for some time. You will find the cotton-wool absorbs the oil, and the mark will be entirely removed from the material.

How many people know that waxed thread can be made at home by simply removing the labels from a spool of thread and immersing it in hot paraffine wax for 1/2 hour. Then rub off the superfluous wax.

Try whipping the cream in the upper part of a double boiler, with fine ice or cold water placed in the lower part. The cream will not spatter so much and will be kept cool and will whip much more quickly.

It Stops the Twinges of Rheumatism. Limbers the Muscles, Eases the Joints

Amazing Relief Comes at Once—Cure Every Time.

USE NERVILINE.

Aching joints and sore muscles are common in rheumatic people. Inflammation is deep in the tissues. You might use a dozen remedies and derive less relief than Nerviline will give you in half an hour.

Nerviline is a pain-subduer that works do not altogether describe. It is fully five times stronger than most remedies, not that it affects the skin unfavourably—no, its great power is due to its wonderful penetrative quality—it strikes in deeply, but never burns or blisters.

Just rub Nerviline into sore muscles, stiff joints, and note the glow of comfort, the ease of pain that follows.

You are astonished, delighted; this is because words do not express the promptness and permanency with which Nerviline cures every ache and pain in the muscles and joints.

Marvelous, you'll say. Natural, we say, because Nerviline is different, stronger, more penetrating, a true pain-subduer. Just try it and see if it doesn't cure rheumatism, neuralgia, lumbago, strains and sprains.
