HOW TO MAKE
Boys' PANTS Last!

Some joker or wiseacre has said, "Make the coat and vest first." The wise mother knows

it is no joke to get Boys Pants to last.

and in fact it is practically an impossibility, as Boys will be boys now, as always, in any pair of Trousers.

We are showing this week a pretty good range of

BOYS' PANTS.

We do not guarantee that they will last any longer than any other Boys' Pants, as we do not feel we could be responsible for these garments for any healthy boy. But these goods are very difficult to get and we want to tell the boy's mother

WE HAVE THEM!

Sizes run from fours to tens, and in one range made of English Woollen Tweeds the price of size 4 is \$1.45, rising 5c. extra for each size larger. We have other qualities of course. And right here we want to say

We Can Supply the Boy's Dad

with a pair of English Tweed Trousers at \$2.25 or \$2.50 pair. You cannot better these values.

We are also showing a splendid range of

Men's Winter OVERCOATS.

These are of the latest cut, double breasted, belted, and newest style collar, and are very reasonably priced.

TORIC LENSES

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

HERE ARE THREE BOOKS THAT ARE JUST OFF THE PRESS.

INSECT ADVENTURES.

(By J. HENRI FABRE.)
Translated by Alexander Teixeira de Mattos and Adapted for Young People by Louise S. Hasbrouck.

Could any child fail to be interested in nature subjects if he had a chance to learn about them from Fabre, a scientist unequalled in his chosen field of insect life, and a master of the art of appealing to the youthful imagination? His profound knowledge is imparted in terms of fascinating adventure. The curious worm "pirates," "the insect submarines," "the spider's telegraph wires" are introduced to the child reader. The life stories of the bee, the wasp, the spider, the fly are told with that whimsical imagery and fanciful twist which make them read like a fairy tale. The charm of the book is completed by the fascinating, quaint sketches, very French in style, which are profusely scattered through it.

"The Mystery of the Hasty Arrow," illustrated; cloth \$1.50. Anna Katherine Green's new book.
"Songs from a Young Man's Land," \$1.50, by Sir Clive Phillips-Wolley. These Poems pulse and throb with the new spirit of unity and solidarity that is vibrant throughout the flagging Empire to-day.

It's Done in St. John's.

Last week a hardware man told us, "Gentlemen, you speak of 12 per cent. profit. Nothing doing for me. I can make 10 per cent. a month in my own business."

An East End shopkeeper informed us he can net 10 per cent. per month on cigarettes alone.
A higher level business man says he can turn over a given sum of money five times in a year, and make 20 per cent. or more each time.
A milliner can easily sell for \$25 a hat that cost her \$5 to import and \$5 to trim and finish.

Pick out almost any line in this city and you can find from 20 per cent. to 500 per cent. profit in a year, and every year too.

And still some wise investors laugh because we offer twelve per cent. Think, gentlemen—think, before you condemn.
