### You don't have to die to win

An advertisement to men in their "twenties" and "thirties"

\$5,000 or \$10,000 would come in mighty handy to you to-day, wouldn't it?

Think, then, how much more valuable it will be to you at forty-five or fifty.

Of course, you'll say, I'll have been successful and won't need it then. But stop! You may—and if you do, you'll need it more than then you do to-day.

Your producing years will be waning and \$10,000 will mean all the difference between a dependent and an independent old age.

Man, there's a big idea back of Imperial Old Age Insurance—one that's mighty interesting to you. Let us send you particulars. Write for them now. A postal will do. Address:
