How Lost, How Restored

How Lost, How Restored!

We have recently published a new edition of Dr. Culver-well's Celebrated Essay on the radical and permanent cure (without medicine) of Nervous Deblity, Mental and Physicial Incapacity, Impediments to Marriage, sic., resulting from excesses.

A FTER nearly a year's use of SIMSON'S and LINIMENT I have found it to be what I supposed at first it was, an excellent Liniment to have about a stable. I have used it in cases of Cuts, Galls, Bruises and Sprains on my horses, and in every case found it to give relief at once; cleansing the cuts and a dead and fifty acres more or less, together

The celebrated author in this admirable Essay clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land.

Address. T. D. RUGGLES & SONS, Solicitors for plaintiff. Dated Bridgetown, June 19th, 1888. 5it16

> The Story of "Annie Laurie." [Letter to Chicago Herald.]

raised on the next farm to James Laurie, Annie Laurie's father. I was personally acquainted with both her and her father, TEAM HARNESSES, bearing her name. James Laurie, Annie's tather, was a farmer, who lived and owned a very large farm called Traglestown, in Dumfreihshire, Scotland. He hired a great 'No, don't,' she said, breathlessly. deal of help, and among those he employed was a man by the name of Wallace to act as a foreman, and while in his employ Mr.

Wallace fell in love with Annie Laurie, 'Yes,' she said; and then added hesitat-

A New Home Treatment for the Oure of arrh, Oatarrhal Deafness and Hay Fever.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remady has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently sured in from one to three simple applications made by the patient at home.
