DESERVES A GOLD MEDAL FOR THIS CINCINNATI AUTHORITY TELLS HOW TO DRY UP ANY CORN OR CALLUS SO IT LIFTS RIGHT OFF. You corn pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callus, sores at once, and soon the corn loosens so it can be lifted out, root and all, without a bit of pain. A quarter of an ounce of freezeone costs very little at any drug store, but is sufficient in every case to remove a soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.
