

# CIDER MILLS.

No Farm or Gravel should be without one of

## H. Sells' New Patent Cider Mills.

By a simple process it cuts the apples in pieces, and forces them on two fluted revolving rollers, a dustable with set screw, which crushes them perfectly fine. Also, a new discharge, so that as fast as the apples are made fine, the rollers are relieved, thus greatly reducing the labour of driving the machine. This mill never clogs, and is not likely to get out of order, is capable of making five or six bush of cider per day, worked by hand, and more if driven by power. It will grind the pumice a second time, which makes a saving of one-third of the cost with all small presses. Manufactured by Messrs. H. Sells & Co., with two curbs, weighs 300 lbs.

PRICE \$30 at our Shop in Vienna.

All orders will meet prompt attention. Agents wanted all over the Dominion to sell.

## STEPHEN WASHBURN'S PORTABLE PICKET, WORM & STRAIGHT FENCE,

PATENTED NOV. 15th, 1864

THIS Fence drew the First Prize at London, Paris, and Toronto. (See Prize List for 1865 and 1866) This Fence can be made faster than a rail fence, and two men and a boy can set up sixty rods in one hour. Thirty rods of it can be hauled on a wagon at one load. Can be made with square pickets in round holes, or the pickets can be turned at the rate of four thousand in ten hours. I will send a plan of this Fence, with directions how to make it, to any part of Canada, with a right to make, for \$1.00. I will also send a plan for a hundred rods.

Apply to STEPHEN WASHBURN, Patentee, v4-18-4t St. George, Ontario.

## Markets.

### Toronto Markets.

"CANADA FARMER" Office, Sept. 12th, 1867.

THE weather has been remarkably fine, the harvest well gathered, and threshing operations are vigorously pushed on to secure the early markets. Grain is now coming into the city in considerable quantities. Yesterday the receipts of barley from waggons would amount to over 10,000 bushels, and other grains are coming forward in the usual proportion at this season.

Wheat.—Receipts by cars, 1,215 bushels, on the street but little offered. Present values of the different varieties are, fall \$1 40 to \$1 50, spring \$1 20 to \$1 40, midge-proof \$1 55 to \$1 42.

Barley.—The market opened at 65c to 75c, advanced to 70c to 75c, and closed at 65c to 75c, the receipts being large and increasing, a lot of 1,300 bushels, rather inferior, sold at 70c f.o.b., and 350 bushels at the same price.

Oats.—Market steady, 50c to 51c paid to day for street receipts, car loads 49c to 50c.

Peas.—Firm and higher; street prices opened at 65c to 70c and closed at 70c to 75c; the latter figure is exceptional.

Rye.—A few loads sold at 76c.

Flour.—Receipts 1,514 barrels, the market ruled quiet and rather dull, but closed firmer with only a small business doing. No. 1 superfine may be quoted nominal at \$6 75 to \$6 90 at the close. There was a fair supply of fancy in market, and sales were 300 brls at \$7 05 on cars at Weston, 200 brls at \$7, and 200 brls at \$7 05 on cars at Weston, the market closing steady and firm. For extra and superior there is no demand, lots of extra were offered at \$7 25 and of superior at \$7 50, with a sale of 100 brls extra at \$7 25.

Oatmeal.—Nominal at \$5 75 in wholesale lots. Cornmeal not quotable.

Freights.—Flour to Montreal 20c, grain 6c. Grain rates to Chicago and other points on the Lake nominal.

Hay and Straw.—Hay selling at \$12 to \$11 per ton, straw \$9 to \$10 50.

Apples.—Green, per bush \$2 00 to \$3 00.

Peas.—Common \$3 to \$5, Bartlett's \$5 per bl.

Wool.—Market dull at 25c for small lots, and lots offered at 25c to 26c.

### PROVISIONS.

Butter.—Is dull except for choice dairy, which is saleable in small lots at 17c to 18c for the local trade, ordinary tubs 11c to 12 1/2c, pound rolls 20c to 21c for farmers' lots.

Meat Pork.—Is in light stock and selling at \$18 50 to \$19 00.

Bacon has moved a little more free, ordinary 7 1/2c to 8c, comb cut 8c to 8 1/2c. Hams in salt 9c to 9 1/2c, dry 10c, smoked 11c, canvassed 12c.

Cheese continues dull. The English market has improved 7 or 8 shillings during the week, but little effect is, however, perceptible here. The factories hold the cheese high, and owing to a difference of from 1 1/2 to 2c between the views of makers and exporters there is nothing doing. Should the Liverpool markets continue to improve operations will no doubt be induced. Holders ask about 9c, and some even higher.

Eggs.—Lacked 9c to 10c, fresh 11c to 12c.

Poultry.—Chickens plenty, selling at 25c to 35c per pair ducks 35c to 60c; no geese or turkeys offering.

### LIVE STOCK.

Cattle.—There was a good supply of cattle during the week, all of which found a ready market for home consumption and export to Montreal. First class \$6 50 to \$7, being an advance of 50c per hundred since last week, second class \$5 50 to \$6, third class \$5 to \$5 50.

Sheep.—Large arrivals, first class \$4 50 each, second class \$3 75; third class \$3.

Lamb.—First class \$2 50 each, second class \$2; third class \$1 50.

### HOGS.

The market is lower, green selling at 6 1/2c to 7c green salted, Western States, 8 1/2c to 9c, No 1 inspected 8 1/2c to 9 1/2c, No 2 8c to 8 1/2c. Calshins dull at 12c for green, salted 14c, dry 20c. Potatoes 50c. Lambkins 70c.

Quelph Markets, Sept. 10.—Wheat—fall per bush, \$1 25 to \$1 40, spring do \$1 20 to \$1 25. Oats—40c. Peas—55c to 58c. Barley—60c to 62c. Wood—per lb, 27c to 28c. Hides—per 100 lbs, \$3 50 to \$7. Beef—do \$8 to \$7. Straw—per load—\$5 to \$3 50. Hay per ton, \$9 to \$10 50. Eggs—per dozen, 9c to 10c. Butter—per lb, 12c to 13c. Apples—per bush, \$1 37 1/2. Potatoes—per bag, 75c to 87c. Sheepskins—30c to 60c.

Hamilton Markets, Sept. 10.—Fall wheat—per bush, \$1 35 to \$1 40, spring do, \$1 30 to \$1 35. Barley—65c to 75c. Oats—43c to 45c. Peas—65c to 70c. Corn—65c to 70c. Potatoes—per bag, \$1.

Galt Markets, Sept. 10.—Fall wheat flour, per 100 lbs, \$3 50 to \$4, spring do \$3. Fall wheat—per bush, \$1 25 to \$1 35, spring do \$1 10 to \$1 12. Barley—50c to 55c. Oats—44c to 45c. Peas—50c to 55c. Butter—per lb, 15c. Pork—per 100 lbs, \$5 to \$5 35. Beef—do, \$6 to \$6 05.
