Can't Keep House.

HOWMANVILLE, ONT., Dec. 5, 1882. Messrs. SETH W. FOWLE & SONS, Boston.

Dear Sirs.—We suppose it is no new thing for you to receive congratulations on the success of your valuable cough remedy, DR. WATSON'S BALSAM OF WILD CHERRY; but perhaps at this time a word or two from us will not prove out of place. Although the Balsam has not been advertised to any extent in this locality, our sale of it is very large and the demand is increasing, which is due to the universal satisfaction which it gives to our customers. We have never had a single complaint, and husbands tell us their wives will not keep house without it. We would like you to do a little more advertising in this county for we believe were your Balsam better known, its sale would be increased ten-fold.

Yours truly, SLOTT & JURY, "The Druggists."

TESTIMONIALS.

MONTREAL, QUE., Nov. 15, 1883. I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Co., and I find it composed, as represented, of Refined Metallic Zinc, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and undoubted durability.
