**CORALINE  
CORSETS.**

The **YATISI  
CORSET.**

The superiority of Coraline as a safe and healthy corset has been demonstrated by over eight years of successful experience. Coraline is the only Corset fitting which is not affected by perspiration, and retains its elasticity and support unimpaired with constant wear.

Made of the best material, requires no breaking in, fits comfortably the first time worn, gives to every motion of the wearer, combining ease with comfort and grace to the figure. If it does not prove to be as we represent, the purchase money will be refunded.

**Beware of Imitations.** Coraline and Yatisi Corsets are patented in Canada, Great Britain and the United States. Every pair of these corsets bears the impression of our name, The Crompton Corset Co.
