

Wheeler's Tissue Phosphates.

WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA. A Nerve Food and Nutritive Tonic for the treatment of Consumption, Bronchitis, Scrofula, and all forms of Nervous Debility. This elegant preparation combines in an agreeable Aromatic Cordial, *acceptable to the most irritable conditions of the stomach*: Bone-Calcium, Phosphate $\text{Ca}_3 2\text{PO}_4$, Sodium Phosphate $\text{Na}_2 \text{HPO}_4$, Ferrous Phosphate $\text{Fe}_2 2\text{PO}_4$, Trihydrogen Phosphate HPO_4 , and the Active Principles of Calisaya and Wild Cherry.

The special indication of this combination is Phosphates in Spinal Affections, Caries, Necrosis, Ununited Fractures, Marasmus, Poorly Developed Children, Retarded Dentition, Alcohol, Opium, Tobacco Habits, Gestation and Lactation to promote Development, etc., and as a *physiological restorative* in Sexual Debility, and all used-up conditions of the Nervous system should receive the careful attention of Therapentists.

NOTABLE PROPERTIES.—As reliable in Dyspepsia as Quinine in Ague. Secures the largest percentage of benefit in Consumption and all Wasting Diseases, *by determining the perfect digestion and assimilation of food*. When using it, Cod Liver Oil may be taken without repugnance. It renders success possible in treating chronic diseases of Women and Children, who take it with pleasure for prolonged periods, a factor essential to good will of the patient. Being a Tissue Constructive, it is the best general utility compound for Tonic Restorative purposes we have, no mischievous effects resulting from exhibiting it in any possible morbid condition of the system.

Phosphates being a NATURAL FOOD PRODUCT no substitute can do their work.

DOSE.—For an adult, one table-spoonful three times a day, after eating; from 7 to 12 years of age, one desert-spoonful; from 2 to 7, one teaspoonful. For infants, from five to twenty drops, according to age.

Prepared at the Chemical Laboratory of T. B. WHEELER, M. D., Montreal, P. Q.

⚠ To prevent substitution, put up in bottles only, and sold by all Druggists at ONE DOLLAR.

Bellevue Hospital Medical College, City of New York. Sessions of 1892-93.

THE REGULAR SESSION begins on Wednesday, September 26th, 1892, and continues for twenty-six weeks. During this session, in addition to the regular didactic lectures two or three hours are daily allotted to clinical instruction. Attendance upon three regular courses of lectures is required for graduation. The examinations of other accredited Medical Colleges in the elementary branches are accepted by this College.

The **SPRING SESSION** consists of daily recitations, clinical lectures and exercises, and didactic lectures on special subjects. This session begins March 28, 1892, and continues until the middle of June.

The **CARNEGIE LABORATORY** is open during the Collegiate year, for instruction in microscopical examinations of urine, practical demonstrations in medical and surgical pathology, and lessons in normal histology and in pathology, including bacteriology.

For the annual Circular, giving requirements for graduation and other information, address **PROF. AUSTIN FLINT**, Secretary, Bellevue Hospital Medical College, foot of East 26th Street, New York City.
