(KNIGHT OF THE LEGION OF HONOUR—FRANCE; KNIGHT OF THE ORDER OF LEOPOLD—BELGIUM.)

LIGHT-BROWN COD LIVER OIL.

SELECT MEDICAL OPINIONS.

Sir HENRY MARSH, Bart., M.D., T.C.D.,

Physician in Ordinary to the Queen in Ireland.

"I have frequently prescribed Dr. DE JONGH'S Light-Brown Cod Liver Oil. I consider it to be a very pure Oil, not likely to create disgust, and a therapeutic agent of great value."

Dr. JONATHAN PEREIRA, F.R.S.,

Author of "The Elements of Materia Medica and Therapeutics."

"It was fitting that the author of the best analysis and investigations into the properties of Cod Liver Oil should himself be the purveyor of this important medicine. I know that no one can be better, and few so well, acquainted with the physical and chemical properties of this medicine as yourself, whom I regard as the highest authority on the subject. The oil is of the very finest quality, whether considered with reference to its colour, flavour, or chemical properties; and I am satisfied that for medicinal purposes no finer oil can be procured."

Dr. EDWARD SMITH, F.R.S.,

Medical Officer to the Poor-Law Board of Great Britain.

"We think it a great advantage that there is one kind of Cod Liver Oil which is universally admitted to be genuine—the Light-Brown Oil supplied by Dr. DE JONGH. It has long been our practice, when prescribing the Oil, to recommend this kind, since, amidst so much variety and uncertainty, we have confidence in its genuineness."

Dr. BARLOW,

Senior Physician to Guy's Hospital.

"I have frequently recommended persons consulting me to make use of Dr. DE JONGH'S Cod Liver Oil. I have been well satisfied with its effects, and believe it to be a very pure Oil, well fitted for those cases in which the use of that substance is indicated."

Dr. PROSSER JAMES,

Lectures on Materia Medica and Therapeutics at the London Hospital.

"I have always recognized your treatise on Cod Liver Oil as the best on the subject, and adopted its conclusion as to the superiority of the Light-Brown over the Pale Oil. I have the less hesitation in expressing myself in this sense since I am only endorsing the opinion sent to you more than twenty years ago by Dr. Pereira, my illustrious predecessor in the chair of Materia Medica at the London Hospital."

Sir. G. DUNCAN GIBB, Bart., M.D., LL.D.

Physician and Lecturer on Forensic Medicine, Westminster Hospital.

"The experience of many years has abundantly proved the truth of every word said in favor of Dr. DE JONGH'S Light-Brown Cod Liver Oil by many of our first Physicians and Chemists, thus stamping him as a high authority and an able Chemist whose investigations have remained unquestioned."

Dr. LETHEBY,

Medical Officer of Health and Chief Analyst to the City of London.

"In all cases I have found Dr. DE JONGH'S Light-Brown Cod Liver Oil possessing the same set of properties, among which the presence of cholalic compounds, and of iodine in a state of organic combination, are the most remarkable. It is, I believe, universally acknowledged that this Oil has great therapeutic power; and, from my investigations, I have no doubt of its being a pure and unadulterated article."

Dr. LANKESTER, F.R.S.,

Coroner for Central Middlesex.

"I consider that the purity and genuineness of this Oil are secured in its preparation by the personal attention of so good a Chemist and intelligent a physician as Dr. DE JONGH. He has also written the best Medical Treatise on the Oil, with which I am acquainted. Hence I deem the Cod Liver Oil sold under his guarantee to be preferable to any other kind as regards genuineness and medical efficacy."

Dr. BANKS,

King's Professor of the Practice of Physic at the University of Dublin.

"I have in the course of my practice extensively employed Dr. DE JONGH'S Light-Brown Cod Liver Oil, and I have no hesitation in stating that I consider it the best of all the specimens of Oil which have ever come under my notice. The fact of so able and accurate an observer as Dr. DE JONGH subjecting the Oil to careful analysis previous to its exposure for sale, is a sufficient guarantee of its purity and excellence."

Dr. EDGAR SHEPPARD,

Professor of Psychological Medicine, King's College London.

"Dr. Sheppard has made extensive use of Dr. DE JONGH'S Light-Brown Cod Liver Oil, and has great pleasure in testifying to its superiority over every other preparation to be met with in this country. It has the rare excellence of being well borne and assimilated by stomachs which reject the ordinary Oils."
