"JANEY CANUCK IN THE WEST"—that delightfully fragrant potpourri of humour, philosophy and original observations on a new land elicited a chorus of approval. "Janey's" personality is as invigorating as the western prairies themselves and it permeates her new book, "Open Trails," as thoroughly and charmingly as it permeated its predecessor. In "Open Trails" the author continues her "impressions," but those who have not yet been so fortunate as to make the acquaintance of "Janey" will not be at a disadvantage in reading the new book before the old.

The House of Windows

That this wonderful story of an abducted child with its marvellous witchery of plot and action will be read everywhere is a foregone conclusion.

The malignant revenge carried out with superhuman cunning by a deranged woman forms the ground work of a story that will immediately take its place amongst the talked of books.

That a story built upon revenge should overflow with the most beautiful of human passions—affection, courage, persistency and devotion shows the great versatility of the author's powers.

Read the House of Windows, it will grasp you with the intensity of its action and the reality of its actors.

Rory of Willow Beach

Coloured Frontispiece and 3 Plates by H. M. Brock, R. I.

With the setting in a "back" town of New Ontario, this is a story that has the breeziness and freshness of the pine-woods which figure in it so largely. The character-studies of the townspeople are drawn with the directness and virility that are typical of Canadian life generally; but the chief note of the book is its humour—refreshing in its simplicity, kindness and purity—which enters into the charming idyll and runs through all. This idyll shows that the ways of the "new" maid of the New World with a man are much the same as the ways of maids have been since the world began.
