Ecclesiastical Minsic.

SHORTLY WILL BE PUBLISHED, WITH THE SANCTION OF THE HON. AND RIGHT REVERENB THE LORD BISHOP OF TORONTO,

A Selection of Psalm Tunes, Chants, &c. EDITED BY J. P. CLARKE, ORGANIST OF CHRIST'S CHURCH, HAMILTON; (Formerly of St. Mary's, Glasgow.)

IN making this selection, the Editor has confined himself to the old and standard Tunes of the Church; and next to the correctness and the purity of the Harmony, the great object which he has aimed at has been simplicity:
The number of Tunes will be about one hundred, and about forty Chants. The Air and the Bass will be placed next each

other; and the Chords added for the Piano Forte or Organ. Each Tune will have three verses printed with it, taken from the selection published with the sanction of the Lord Bishop.

To render the volume as useful as possible, a few Elementary Lessons in Singing will be inserted; and a short Dissertation upon Organ-playing, for the benefit of Piano Forte players,—in which will be explained the difference of fingering between these Instruments, and the use and management of the Stops:

This it is hoped will be of service where Congregations are indebted for the conducting of the Psalmody to Ladies of Gentlemen who are not professional Musicians.

That it is necessary something should be done for the improvement of the Ecclesiastical Music of the Church in Cahada; is acknowledged by all who feel its importance; and the Editor trusts that this work will be found not without its uscfulness it

ne promotion of so desirable an object. Hamilton, May 10, 1844. Tailtion, and 10, 1041.

To f a former selection by the Editor, the London Harmonicon for October, 1832, has the following review:—

"It professes only to be useful, and so it must prove: for a better collection of Tunes could not in such a compass hard. been made; and judging from the twenty or thirty that we have examined, we may venture to speak most favourably of the harmonizing of the whole. The new Tunes by the Editor; and also a Sanctus from the same source, are very creditable to him as a Musician." 358-tf

CHURCH MUSIC THE CHURCH CHOIR, a Collection of Sacred Music; comprising a great variety of Psalm and Hymn Tunes; Anthems, and Chaunts, arranged for the Organ of Piand Forte by Joseph Muenscher, Professor of Biblical Literature in the Theological Seminary of the Protestant Epis-copal Church, Gambier, Ohio. Columbus, Ohio. Isaac

Whiting. Price, 6s. 3d.
Professor Muenscher's "Church Choir" is an invaluable work, and contains the best selection of Psalmody, adapted to the services of the Church, which I have ever seen:— The tunes are all of the highest class, selected evidently by a Cliurchiman of great taste and judgment, and arranged for the Organ and Piano Forte in the most admirable manner .- (Extract from a letter in " The Church" sub-

scribed "Scotus.")
SACRED MUSIC, selected from the compositions of Tye, Tallis,
Gibbons, Rocenscroft, &c., and adapted to portions of the
different Versions of the Book of Psalms. London, James GREGORIAN, and other ECCLESIASTICAL CHAUNTS, adapted

to the Psalter and Canticles, as they are appointed to be sung in Churches. Price 3s. 3d. TE DEUM and JUBILATE in A, composed by Wm. Boyte; Mus. Doc., with an easy arrangement for the Organ or Piano Forte, by Edward Hodges, Mus. Doc., Price 5.

Of the high merit of these compositions of Boyce it would be superfluous to speak in the present day; or to question the title of their author to be placed in the first rank of

English composers:—Extract from a letter in "The Church," subscribed "Scotus" CARMINA SACRA, OF BOSTON COLLECTION OF CHURCH MUSIC, Price 6s. 3d.
