The Very Latest News.

"Have you heard the latest news?" said one city swell to another. "No; do tell me what it is." "Well, I have at last got rid of my corns by one trial of PUTNAM'S PAINLESS CORN EXTRACTOR, and as I know yours are even worse than mine were, I couldn't pass without telling you to get a bottle at your druggist's. I'll guarantee it will fix 'em completely. It is sure, prompt and painless, taking the corns out at once. Sold everywhere. Beware of substitutes and imitations, N. C. POLSON & CO., Kingston, Proprietors.

Nearly all diseases that afflict humanity originate in the stomach, liver or bowels, and might be prevented if people would use a little common sense; but they will not. They rather take *Parsons' Purgative Pills* because one is a dose.

A correspondent of the *Times* recommends persons stung by a wasp or bee, to place the hollow barrel of a key round the place, and press until it begins to hurt. On removing the key the sting will be found lying outside the puncture it has made and inside the ring formed by the pressure of the key barrel. All pain disappears at once, no swelling takes place, and in a few minutes it is difficult to find again where one has been stung. The sting, in fact, is extracted before its venom has had time to get absorbed into the tissues.
