DAVITT ON THE RESCRIPT.

LONDON, May 13.-Michael Davitt, in a speech at Liverpool to day, said that Irishmen would not be an iota behind O'Connell in resenting the Papal rescript. Ireland had done more for the Church among people throughout the English-speaking world than any other country, and if this was Rome's gratitude Irishmen would be likely to ask themselves questions in the matter.

Without wishing his remarks to be construed as such by every coercionist paper from the *Times* to the meanest Unionist rag. He was confident that the rescript had added three months to Mr. Dillon's sentence. Irishmen were compelled to believe that the rescript was due to English intrigue. Ireland would not accept political dictation from Rome.

DEATH OF REV. DR. HUNTER.

In the death of the Rev. Samuel James Hunter, D.D., late Pastor of the Centenary Methodist Church, Hamilton, that body has lost one of its ableat ministers and Ireland an affectionate and devoted son. Born of Irish parents at Phillipsburg, Province of Quebec, in 1843, he received the rudiments of his educa-tion and remained there till verging on man's estate. At an early age he showed a preference for the ministry; and fit-ting himself for the sacred calling, he was or-dained in London, and entred upon his duties, first in the township of Walpole, and subse-quently in Oakville, Thornhill, Bowmanville and Montreal. For six years the rev. gentle-man labored with great zeal in the latter place, when he was invited to Toronio; and here he affectionate and devoted son. Born of Irish when he was invited to Toronto ; and here he remained for twelve years, growing every day, by his affability and Christian charity, in the respect of all classes of the community. Rarely do we find amongst the Methodist ministry men like Dr. Pepper, Dr. Burns, Dr. Dewart and the good man whose death we Dewart and the good man whose death we chapged for the better. Corn is not yes all mourn-men standing out in bold relief from the large body to which they belong and say-ing a good word for Ireland; and of these was Dr. Hunter, who was not unmindful of his origin. He was the friend of the Old Land whing a good point of the friend of the Old Land whing a good word for Ireland; and as a worthy solon in a good word for Ireland; and of these was origin. He was the friend of the Old Land whing a good point of the Old Land who a prime base of the Mississipi. bis memory will be held in grateful remem brance by his countrymen.—Irish Canadian.

years, and she said long ago that she had infor-mation of his death. On Saturday the long mation of his death. On Saturday the long-lost husbani turned up and claimed his wife, but Mr. Martin would not allow him to remain about the house. Farrell had an advice from lawyer William Mosgrove, who told him that he could be imprisoned for desertion. He con-tinued to shadow Mr. Martin everywhere he wout, and on Saturday night, as Mr. Martin was entering a butcher's shop in Rochesterville, Farrell fired three shots at him, but Martin escened. There is grat arritement over the escaped. There is great excitement over the attempted murder.

UNITED STATES CROPS.

WASHINGTON, May 10 .- The report of the Department of Agriculture says low temperature and deficient rainfall, with drylog winds and some frost, have reduced the condition of winter wheat in the Central States. It has also been cool on the Atlantic coast, and not favorable to improvement, and yet the plant has nearly hald its own in this region. On the Pacific coast only a medium development is reported. In the Southern States changes are slight, several averages being the same as last month. Pennaylvania shows a decline of 4 pointe, New York 16, Ohio 12, Michigan 12, Indiana 6, Illinois 7, Missouri 2, Kanaas 3. The general average is reduced 9 points from 82 to 73. Last year the condition was reduced from 88.1 in April to 85.8 in May. The State averages of winter wheat in the principal States are as follows : New York as an attack on, or as showing disrespect to, the Oburch, he said that whether the recript was intended as a political pronunciamento or not it would be regarded, and had already been hailed, mains very nearly as in April, the average mains very nearly as in April, the average being 92.9 Instead of 93.5. The condition of winter bailay is 88.3, promising a medium crop. Spring ploughing is not quite so well advanced as usual. Cotton planting was de-layed by excess of moisture in February and low temperature in March.

SHORTAGE IN THE WHEAT CROP.

ROCHESTER, N.Y., May 11 .- The American Rural Home says: During the past two weeks there has been a still further fall off in the con-dition of winter wheat. The decline is most marked in those States from which we draw the largest supplies. In Illinois the condition of a largest supplies. In Illinois the condition of the crop has retrograded for the past thirty days, and now chinch bugs are at work to an alarming extent. The conditions in Indiana are quite similar, and Ohio does not promise a crop exceeding 15,000,000 bushels against 37,-000,000 hast year. In Michigan, the fourth great winter wheat state, the crop will run 30 per cent. below last year. Kansas and Missouri report the presence of chinch bugs in large numbers, only kept in check by the cold back-ward weather. A Conservative estimate makes the shortage of the winter wheat crop from 50,000,000 to 70,000,000 bushels. Cold weather and excessive rains have delayed spring wheat seeding, but no increase in acreage is indicated. The outlook of the oat crop has materially changed for the better. Corn is not yet all planted, rains having caused serious delay.

baing an active demand all the offerings were taken. Prices advanced 10 per dozen to 140 to 15c per dozan.

MAPLE SYRUP AND SUGAR .- There was no change in maple syrup, the demand was quiet

BUTTER .--- The batter market continues quiet, there being only a fair local demand for small lots. A few small lots of new creamery have arrived, which sold at 21c to 23c. The offerings of rolled butter were fair and sales were made at 17c to 19s. We quote : - New creamery, 21c to 23c; Townships, 193 to 21c; Morrisburg, 18c to 200; Brockville, 16c to 19c; Western, 140 to 16c.

CHEESE .- The cheese market was inactive and weaker, and no business of any import-auce was done. Small lots changed hands at per peck, 200 to 25c; parsley, per doz, 200; She to 90, but little business was done.

RETAIL MARKETS.

Owing to the inclement weather the attendance at Bonsecours Market this morning was not so large as on the previous market days. The number of purchasers present, however, was remarkably large and a good demand was found for all articles. The supply of eggs was very large, and the demand was only fair. The usual prices governed. Cheese and butter went well in a retail way, and vegetables had a good enquiry. Meats were choloe and sold well at the usual prices.

OTTAWA MARKETS.

OTTAWA, May 15. - The price of potatoes continues very firm, and sales are steady at \$1.05 to \$1.15 per bag. The great demand for eggs, which at present prevails through-out the Dominion, has had the effect of keeping prices higher than usual at this time of the year. New butter has commenced to move freely forward, and a decline in price may be looked for shortly.

by the Senate to look into the question of sawdust accumulations met to day. Mr. Arnold, the chief mechanical engineer of the Public Works Department and superintendent of the dredging operations in Quebec and Ontario, was examined. Mr. Arnold raid that at the present rate of going it was only a matter of time until navigation in many rivers would be impassable with the sawdust. He said the question of removing the sawdust was a question for scientists to solve. In places where large quantities of awdust had accumulated, he was surprised that there ware not more explosions through the gas which generates from the sawdust. He would not be surprised to see a disastrous explosion at any time in the vicinity of the Queen's wharf in this city.

Dr. Robillard, the health officer for the city, has received information to day to the effect that diphtheria in the Upper Town and scarled fever in New Edinburgh are prevailing to an alarming extent.

The committee appointed to enquire into the system through which farmers are swindled by imposters, inducing them to give promissory noises for seed and implements, met to day and commenced taking evidence. Mr. F. G. Dunstan, of Carleton county, testified that he had been swindled out of \$340 in the way above named. Mr. A. R. Villy, Lancaster, Went-worth county, testified that he had been vic-timized also. Mr. L. Turner, of Trafslgar, Halton county, testified that he was swindled by such defrauders out of \$240. Mr A. Mit-chell, of Winterbourne, County Waterloo, swore that he had been swindled also. The committee theu adjourned.

OTAWA, May 12.—On Saturday afternoon the House of Commons met shortly after one o'clock. After a few questions had been dis-posed of, Sir Richard Cartwright opened the discussion on the resolutions of Sir Charles Tupper to raise a loan to pay off the floating indertedness of Carneda. Sir Biohard criticiand indebtedness of Canada. Sir Richard criticised the proposals of the Finance Minister, and said according to Sir Charles' mode of reason otr present debt would amount to \$315,307,692, and according to the same theory the difference between the debt capitalized at these rates in He 1878-79 would amount to \$160,880,857. MILCH COWS. At Viger market this morning there was large gathering of buyers and an active busi-ness was done. The receipts of miloh cows were 120 head, of which the bulk was of a choice quality, consequently the demand was good. Uhoice milkers sold at \$60, good do. at \$50, fair at \$40, common at \$30, and inferior at 20 each. The receipts of calves were sixty head, for which the demand was fair, and sales were made more freely at from \$1.50 to \$5.50 each, as to size and quality. There were twenty-five young pigs offered, which met with a demand at prives ranging from \$2 to \$5 each, as to size.

HAY STRAW AND FEED.

The receipts of hay were larger and the market was active and firm. The demand for choice timetry was good, and an active business was done. We quote choice timethy at \$13, and inferior at \$10 per hundred bundles. There has been a better feeling in pressed hay on account of the good demand, and prices have ad-vanced some ail round. We quote No. 1 at \$13, No. 2 at \$12, and No. 3 at \$10.50 per ton in large quantitier. The offerings of straw were light, for which there was a good enquiry, and prices were firm at \$6 to \$8 per hundred bundles, as to quality. The feed market has ruled quiet, and prices are easier as usual at this time of year when green stuff begins to make its appearance. We quote bran at \$15.50 to \$16.50 per ton. Shorts have been well maintained, and are quoted at

CORDWOOD.

per top.

The cord wood market has been active, there being a good demand for this season of the year. There is no change in prices. quote good long maple at \$8, birch at \$7.50, beech at \$7, tamarack at \$6, and soft wood at \$4.00 per cord delivered, ex yard. COAL.

The demand for coal in small lots has been good, and a fair amount of business has been done for this season of the year at steady prices. We quote prices as follows : Anthra cite, \$7 for stove, \$7 for chestnut and \$6 75 for egg per 2,000 lbs. Sootch grate, \$6 50 per nett ton ; Scotch steam, \$6 per gross ton. Lower Ports grate, \$6 per nett ton ; Plotou ateam, \$5 to \$5 50 per 2.240 lbs, and Cape Breton, \$4 50 to \$4 75.

LUMBER.

The improvement in the lumber market has been well maintained the demand having continned good for round lots, and some large sales have been made, consequent'y the of which are at the Exchange stables, for trans market has ruled active. We quote prices as portation by those interested. follows :--First quality pine at \$35 to \$40; shipping culls at \$14 to \$16; mill culls at \$8 to \$10; hemlock at \$9 to \$17; bass at \$1? to \$18 ; walnut at \$40 to \$100 ; butternut at \$22 to \$40, and hard maple at \$20 to \$22.

WEEKLY REPORT.

TOBONTO, May 15 .- There is but little change to record in the general condition of the market since our last report. We had on esle here this moruing twenty-four loads. Some 'export cattle were on hand, but they did not find a very ready sale, as it was com plained that the prices demanded were too high. Some purchases were made for Montreal, but as the live stock trade there is rather

quiet the quantity required was moder ate. The local demand appeared to be good though not quite so activo as has been the case lateiv; however, prices all round were well maintained, a alight exception being noticeable with calves, which were plentiful and rather poor in quality, and in conse quence prices ruled a shade easier. There were about 250 hoge received, and they sold readily at the range o last Tuesday; one lot, averaging 170 ibs. sold at \$6.35 per cwt.; but as a rule the quality was inferior, it being evident that the high figures which have prevailed of late are inducing the owners of hogs to bring them out before they ure in good marketable condition, Some among to day's receipts were very poor in deed, and only on this account prices here \$19 to \$20 per ton, and moullie at \$23 to \$26 and there were a little off, but all descrip tions are wanted, and prime qualities will command high rates. Sheep and lambs were in light supply, not more than one hundred being here; the demand was easy and values were unchanged.

HORSE MARKET.

HORSE MARKET. MONTREAL, May 14.—The horse market was generally dull. Buyers were plentiful, but horses scarce, probably on account of farmers being busy with spring's work. The importation of thoroughbred horses has commenced for the season, and the following ships, S.S. Concordia and S.S. Donaldson City, beyondth in 14 years fine. Cludesdale shalloon, all brought in 14 very fine Olydesdale stallions, al

A SUCCESSIFUL RESULT. SIBS,—I was troubled for five years with Liver Complaint. I used a great deal of doc-tors' medicine, which did me no good. I was getting worse all the while until I tried Burdock Blood Bitters. After taking four bottles, I am now well. I can also recommend it for dyspep-sia. Miss Hattie L. Swick; St. Williams P. O., Ont
