THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, from the worst Scrofula down to a common Pimple.

To those who are subject to a sick headache, one bottle will always cure it. It gives a great relief to earache and dizziness. Some who have taken it have been confined for years, and have been regulated by it.

Nothing in the annals of Patent Medicines has ever been received by the public with so much favor as this simple preparation. It is now composed of nine different herbs.

In my own practice, I confine it strictly to humors; but there are some who are so enthusiastic in its favor they think what cured them will cure any thing and any body; they accordingly recommend it for every variety of disease.

When made weak enough it is the best eye water for weak and watering eyes that I ever saw. Others use it to cleanse the dandruff out of the hair and strengthen its roots, which it certainly does; and to crown all, it made the hair grow on bald heads, which, if I had not seen with my own eyes, I would not believe from you or anybody else.

As regards dieting, I never came across the first person that ever got any benefit from it. On the contrary, numbers who came to death's door by it, as it gives the humors the upper hand. My medicine requires the most nourishing food you can get. It will soon give you an appetite.

PROSPECTUS OF ST. JOHN'S COLLEGE, FORDHAM, WESTCHESTER COUNTY, NEW YORK.

THIS INSTITUTION, incorporated with the privilege of a University by an act of the Legislature, is situated near the village of Fordham, in a most picturesque and healthy part of the county of Westchester, at a distance of about eleven miles from the city of New York, and three from Harlem.

The buildings are large, elegant and commodious; the grounds extensive, and tastefully laid out. As to the domestic comfort of the pupils, everything which parental attention can desire, will be found in the skillful management of persons formed by education and experience for this important and highly responsible department; and with reference to a special case, no apprehension need be entertained as regards the peculiar care required by the younger students.

The system of government is mild and paternal, yet firm in enforcing the observance of established discipline. No student is allowed to go beyond the College precincts, unless accompanied by one of the Professors or Tutors. Those who have parents residing in the city, will, if such be the parent's wish, be allowed to visit them once in three months, but no oftener, except for special reasons, as it is in every respect desirable that such visits should, during the college term, be as rare as possible.

The regular course of instruction embraces the Hebrew, Greek, Latin, English and French Languages; Poetry, Rhetoric, History, Mythology, Geography; Book-keeping, Arithmetic, Mathematics, Moral and Natural Philosophy.

When it is the wish of parents or guardians that their sons or wards should be fitted for commercial pursuits, care is taken to direct and adapt their studies accordingly.

The German and Spanish languages are taught, if required; but together with Music, Drawing, and other similar accomplishments, form extra charges. The Collegiate year commences on the first Monday of September, and ends about the 15th of July, with a public exhibition and distribution of premiums.

Board and Tuition, and use of bedding per annum, payable half-yearly in advance, \$200. Washing and Mending of Linen, 15. Physician's Fees, 3. Medicines are charged at Apothecary's prices.

N. B.—There is an additional charge of \$15 for students remaining during the Summer vacations. Books, stationery, &c., are also furnished by the College at current prices, or may be procured by the parents or guardians residing in the city. No books are allowed circulation among the students, which have not been previously submitted to the supervision, and received the approval of either the President of the College or the Prefect of Studies.

Each student, on entering, must be provided with three suits for summer, and three for winter; with at least six shirts, six pairs of stockings, six pocket handkerchiefs, six towels, three pairs of shoes or boots, a cloak or overcoat, a silver spoon and silver drinking cup, marked with his name.

No advances are made by the institution for articles of clothing, or for any similar expenses, unless an equivalent sum be deposited in the hands of the Treasurer of the College.

With regard to pocket money, it is desirable that parents should allow their children no more than a moderate sum, and that this be left with the Treasurer, to be given as prudence may suggest, or occasion require.

Students coming from any foreign country, or from a distance exceeding 500 miles, should have guardians appointed in or near the city, who will be responsible for the regular payment of bills as they become due, and be willing to receive the student in case of dismissal.

Semi-annual reports or bulletins will be sent to parents or guardians, informing them of the progress, application, health, &c., of their children, or wards.
