

tions; on the contrary there is a trifling reduction from recent extreme rates." Prices of dried and evaporated apples have eased off considerable and holders are anxious sellers. Packers have not been buying very freely for several days past. The mild weather has made it necessary for the factories to work overtime in order to take care of stocks on hand. The purchases made during the week were at \$4.40 to 4.50. Products are selling slowly. There is little enquiry at this season of the year for pork products, when fresh meat and poultry are in plenitude. The Christmas trade in poultry gave better results this year than usual. Dealers were very anxious about the trade, for large receipts meant disaster in the face of mild weather. The warnings sent throughout the country had good effect, and there was little surplus stock left on the market. The prices realized were about as follows:—Turkeys, 8 to 9c.; geese, 5½ to 6½c. per lb.; ducks, 40 to 75c.; chickens, 30 to 50c. per pair. Since the mild weather began, country shipments of eggs have increased both in pickled and held fresh. The feeling is easy, although prices are unchanged.

**SEEDS**—There is no movement in timothy seed. For the small lots offered dealers are paying \$1.50 to 2 per bush. As yet but little of the Canadian crop has been offered. Red clover seed is exceedingly quiet. Prices will net growers about \$4. Some dealers talk \$4.50, but we failed to learn of any transactions at this price. The usual holiday dullness prevails in the alsike seed markets of Europe, and little export movement is taking place from Canada.

**WOOL**—Trade is quiet and unchanged. One house reports having exported 600,000 lbs. of wool to the United States during the season. Merchants here are interested followers of the action of the American Congress during the present session. The mills are fairly active.
