This Company was organized in 1885, specially for the purpose of insuring manufacturing industries, warehouses and contents.

The primary object being to give protection against loss by fire at a minimum cost consistent with absolute security.

The system adopted has been to inspect all risk before acceptance and fix the rate to be exacted equitably in accordance with the hazard assumed.

Assurers with this company have made a saving, upwards of \$108,000.00 on the current rates charged, in addition to which, on the rates exacted by us, dividends have been declared to policyholders amounting to over \$24,000.00, together, making the very substantial sum of over \$132,000.00 that our policyholders have saved during the eleven years we have been in operation.

As no canvassers are employed dealing directly with the assured, those desiring to avail themselves of the advantages thus offered will please address
