

# Big Service *with* Low Investment

"Office Specialty" Filing Equipment is  
built on the unit Plan:

That is, you simply add to your  
Equipment as the need suggests, as your  
records increase.

Always you have maximum service  
operating in your favor, *without* the  
disadvantage of a big investment in idle  
equipment.

## LLOYD GEORGE --- Pioneer Typewriter User

If you were asked to name the most talked of man in the world today, the man who is "the observer of all observers", the immediate answer would be, LLOYD GEORGE, the new Prime Minister and virtual dictator of England.

Many years after, when plain Lloyd George, solicitor, had become the Right Honorable Lloyd George, Chancellor of the Exchequer, we again find him as the great innovator in the use of the writing machine. At this time he introduced the new Remington accounting machine (adding and subtracting typewriter) into his department—and this was the first machine to write and add the British budget.
