

A photograph of a man with dark skin and short hair, wearing a red button-down shirt, looking intently through a white and black compound microscope. He is positioned on the right side of the frame, leaning over the microscope. The microscope is the central focus, with its eyepiece, objective lenses, and stage clearly visible. The background is dark and out of focus, suggesting a laboratory or office environment. The lighting is dramatic, highlighting the man's face and the details of the microscope.
