

Canadian programme will involve the granting on a reciprocal basis of scholarships and fellowships, and the presentation in French-language countries of Canadian arts both performing and visual. In its operation, the Government will have the advice and assistance of the Canada Council which has accepted the responsibility for administration of the programme. It is hoped that the programme will encourage the development of academic and artistic exchanges and manifestations between Canada and other countries entirely or partly of French expression.

An appropriation of \$250,000 is envisaged for the programme in 1964-65. The greater part of this amount will be expended in the form of scholarships, fellowships, teaching-fellowships, study grants, travel grants, etc. to bring to Canada professors, scholars, scientists and artists of renown from countries of French expression. Detailed arrangements regarding the operation of the academic aspects of the project will shortly be the subject of consultations with the governments concerned.
